NEW COURSES

h.   **CSCI 112 Programming Fundamentals: Python** (*to see course outline go to SEARCH, COURSES in CurricUNET)**
Originator Frank Madrid
Rationale: The Python programming language has now become one of the top ten popular programming languages rivaling the Java and C++ programming languages. Not only do many universities now teach introduction to programming fundamentals in Python but the programming language has many attractive features making it the primary language in fields such as cyber security and data science. MATH 102 or MATH 160 or MATH 250 with C or better
Prerequisite: MATH 102 or MATH 160 or MATH 250 with C or better
DE Approval
Departmental Recommendation: CIS-101
Not currently equated with Valley

i.   **GEOL 195 Geology of the Western Transverse Ranges** (*to see course outline go to SEARCH, COURSES in CurricUNET)**
Originator Richard Hughes
Rationale: GEOL 195 is a field trip course including lecture and laboratory experiences for students of physical geology and natural history. In this course, students will apply lecture material to field observations and study.
Not currently equated with Valley

j.   **RADIOL 217 Computed Tomography** (*to see course outline go to SEARCH, COURSES in CurricUNET)**
Originator Melissa Huynh
Rationale: This course is a stand-alone course that aligns with the college's mission of advancing career success through engagement and learning. The course is offered to the Radiologic Technology students who desire to obtain National and State Computed Tomography certification. Completion of this course meets the American Registry of Radiologic Technologist (ARRT) requirements for structured education in Computed Tomography. This course is not required to graduate from the Radiologic Technology Program at Crafton.
 Not currently equated with Valley

NEW PROGRAMS

k.   **Associate of Science Computer Information Systems: Programming** (*to see course outline go to SEARCH, COURSES in CurricUNET)**
Originator Frank Madrid
Rationale: .

l.   **Associate of Science Computer Information Systems: Web Design** (*to see course outline go to SEARCH, COURSES in CurricUNET)**
Originator Frank Madrid
Rationale: .

m.   **Associate of Science Computer Information Systems: Network Administration** (*to see course outline go to SEARCH, COURSES in CurricUNET)**
Originator Frank Madrid
Rationale: .

n.   **Digital Illustration** (*to see course outline go to SEARCH, COURSES in CurricUNET)**
Originator Iris Kern-Foster
Rationale: Digital Illustration has become a highly demanded skill, especially in the gig economy. A certificate in this program will prepare students to either enter freelance illustration as a career, or an opportunity for an additional source of income for other digital media professionals (such as graphic and media designers). The majority courses in this certificate are transferable to CSU and students who pursue a 4 year degree will be able to transfer this courses.

3.   Operational Issues

Next Meeting: April 13, 2020
