Crafton Hills College Curriculum Committee

Originator Iris Kern-Foster

Rationale: This course is intended to enhance the Multimedia discipline and the expansion of the new Maker Studies program. The course provides students a rich basis from which to learn about the cultural traditions of the Maker Movement and its connection to the use of new technological materials, experiential learning, and the alignment of the movement with the basic human impulse to create.

- h. **VOC/N 624 Home Health Aide Theory** (to see course outline go to *SEARCH, COURSES* in *CurricUNET*)*
Originator Laurie Green

Rationale: Regional community colleges have not issued any awards annually in home health aide programs over the last three academic years. Other postsecondary educational institutions in the region have issued 22 awards annually over the previous three academic years in programs related to home health and personal care aides. Employment for home health and personal care aides is expected to increase by 33% through 2025, with 13,308 job openings annually. The HHA course is a second certificate offered by the California Department of Public Health (CDPH) for a student who has completed the Certified Nursing Assistant (CNA) program. This course awards the student 26 continuing education units for the CNA to maintain their state certification and adds advanced skills and certification that allow them to gain a job at a home health or hospice agency with increased pay.

Limitation on enrollment: *Must attend a mandatory information session, once provisionally accepted, must attend a mandatory orientation, meet all health requirements, and clear background check. Must be 18 years or older. No high school or GED required. Students must have an active CNA certificate with the state of CA OR have completed the Crafton Hills College CNA program within 1 month of start of HHA (waives requirement of active CNA cert).*
