Review, revise, and recommend for approval to the Board this change:

CALGETC ensures students meet general education requirements for CSU or UC schools. For details, consult a counselor or visit <https://www.assist.org/>.

c. Other.

Course Caps

- Discussed raising some course caps and lowering others to find a balance to support what we do while serving students. Looking to become more efficient by offering fewer sections and raise the fill rates. Balance of efficiency and serving students is the goal. Concerns were discussed if course caps are raised.
- Discussed efficiency is needed in order to generate apportionment to pay for instructors and pay for services.
- It was discussed that efficiency target course cap should be 25 and not 35 which would offer fewer sections of literature.

Committee Times

- Gio drafted time changes which will go to Crafton Council tomorrow 03/25/25.

Chemistry Degree

- Troy was waiting for guidance from the state about the Chemistry degree because the FDRG faculty group was having trouble fitting the transfer degree into 60 units with CalGETC. On Friday it was announced that for now we can keep the degree as is even though it is going to be over 60 units.
