

CRAFTON HILLS COLLEGE

2019 Commencement

Friday, May 24 • 6 p.m.
Campus Quadrangle

Commencement 2018 Program

Crafton Hills College: A brief history

Crafton Hills College was founded in 1972 on 523 acres of land in Yucaipa. The large gift of land was given to the San Bernardino Community College District by local philanthropist Ruben Finkelstein and his brother Lester Finkelstein. Ruben and Lester were businessmen from Los Angeles with large real estate interests and investments. In addition to donating land for the Crafton Hills College campus, the Finkelstein brothers donated land for Yucaipa High School, a Little League ball park, a Fire Station, and the Yucaipa Boy Scouts.

The Finkelstein brothers' heartfelt pride in Crafton Hills College has led to the growth of the College and the success of countless students over the years. As a result, Crafton Hills College is a legacy to their support of education and love for people.

Notes _____

EMERGENCY PERSONNEL

A College Nurse will be on duty to provide aid in the event of an emergency. The Nurse will be available at the Information Tent from 5pm to 8pm on the night of the Ceremony.

GIFTS AND MEMORABILIA

The Campus Bookstore will have graduation related items such as alumni sweatshirts, diploma frames and covers, packaged snacks, and other CHC gift items available for sale.

PHOTOGRAPHS

The Department of Student Life has arranged for a commercial photographer to take pictures of each candidate receiving a diploma. Proofs will be sent to each participant.

Crafton Hills College takes photos of and videotapes students throughout the year. These images often include students in classrooms, study areas, student events, graduations, around campus, etc. Crafton Hills College reserves the right to use these photographs as a part of its publicity and marketing efforts. Students who enroll at Crafton Hills College do so with the understanding that these photographs might include them and might be used in college publications, both printed and electronic, and for publicity.

PROCESSIONAL

It is requested that the center aisle in the Campus Quadrangle remain clear for the candidates for graduation, faculty, and platform party to march in the procession. The audience is asked to remain in their seats and follow direction from marshals and ushers.

RECESSIONAL

The Recessional requires the cooperation of both the graduates and the audience. To enable the recessional line to keep moving and to avoid a major congestion problem, the audience is requested to remain seated until all graduates have dispersed.

SMOKING

No smoking is permitted in the Campus Quadrangle prior to, during, or after the Commencement Ceremony.

ACADEMIC REGALIA

Distinctive academic dress can be traced back to the universities of the Middle Ages. In the early centuries of its existence, the costume was worn as daily garb, and each of its parts had practical uses. In more recent centuries, its use in complete form has been reserved for special ceremonial occasions.

Of the costume’s three components, the hood is the most interesting. Originally, it had three uses: as a head covering, as a shoulder cape, and as a bag in which alms could be collected. It is mentioned as early as 1480 in clerical literature. When large wigs were en vogue in England, the cape part of the hood was split in front and had a narrow neckband inserted. The entire cape and hood were allowed to fall back as they do today, and the hood was never restored to its original style.

Black academic robes are appropriate to all degrees and all institutions. Graduates of some schools however, may elect to wear robe colors adopted by their alma maters-for example, Harvard crimson, Yale blue, Stanford cardinal. Red may be worn for ceremonial purposes, as by the president of the college. Three black stripes on the sleeve denote a doctorate.

There is historical evidence to suggest that the Mortarboard originated with the 16th Century Protestant Reformer, John Calvin. The university building where Calvin taught, at the Cathedral Church in Geneva, was not yet completed and was without windows. Accordingly, he designed the hat for his teaching in order to protect his head from the pigeons that cohabitated the buildings.

Black tassels are correct for all degrees, but colored tassels also may be worn. Gold metallic tassels may be worn by persons with doctorates and by dignitaries. The following is a partial list of hood and tassel colors established by the American Council on Education to represent various fields of learning.
