

Crafton Hills College - Outcomes Assessment Report

Program/Service Area: Computer Information Systems

Year: 2011-2012

SLOs have been developed for the following courses:

- CIS 101, CIS 104, CIS 111, CIS 113, CIS 114, CIS 116, CIS 130, CIS 140, CIS 141, CIS 142, CIS 143, CIS 161, CIS 162, CIS 163, CIS 165, CIS 166, CIS 180, 190a, 190b, & 190c and CIS 211.
- SLOs will be assessed in all CIS courses offered this fall. CIS 101, CIS 111, CIS 113, CIS 114, CIS 130, CIS 140, CIS 142, CIS 161, CIS 163. The assessment results and analysis thereof will be input using the Outcome Assessment Cycle tool available on the Office of Research and Planning webpage

Results from spring 2011 SLO assessments for the CIS 101 courses indicated a need to strengthen the students use of MS word and MS excel tools. However it was not clear if students were deficient in the use of the tools or if they lacked an understanding of the assessment engine. As a result the fall course will include a sample test for both skill sets that will be given to student prior to the actual skills exam.
