Crafton Hills College does not discriminate on the basis of age, color, creed, religion, disability, marital status, veteran status, national origin, race, or sex.
Dear Student:

Thank you for taking the time to explore Crafton Hills College. A smaller school, we are proud to provide our students with a quality learning experience in a beautiful hillside setting. With over 40 associate degree programs, including new CSU Transfer degrees, and 30 certificate options, Crafton Hills can meet your needs whether you are interested in career preparation, in completing an associate’s degree, or want to transfer to a four-year college or university. Regardless of the educational path you select, our outstanding faculty and staff are committed to your success.

The College offers range of support services to help guide you and ensure your success. The new Transfer Center provides assistance for those seeking to move on to both public and private universities. Our expanded Honors Institute can enhance your college experience with challenging coursework and the close association with faculty and fellow students. If you need help with class assignments, the Tutoring Center provides both student and staff support, including a variety of workshops and small group settings. You can get off to a great start by visiting Admissions and Records, Financial Aid, and Counseling. We also offer specialized services through Extended Opportunities Programs and Services (EOP&S), Disabled Student Programs and Services (DSP&S), the Health and Wellness Center, and the Student Success Program. Our Librarians and support staff are here to help you with research and finding the right book to read. All of our faculty and staff want to maximize your college opportunities.

For those seeking an even more comprehensive college experience, the Office of Student Life is responsible for student government and numerous clubs and organizations, helping you develop your leadership skills and providing opportunities to volunteer on campus and in the community. The campus is also home to a full range of chances to participate in or expand your knowledge of the arts, with dance, music, fine arts, publications, and theatre performances available throughout the year.

Each semester, more than 6,000 students embark on creating their futures here at the College and we are dedicated helping them to achieve their dreams. We wish you the best as you begin or continue your educational journey.

Cheryl A. Marshall, Ed.D.

General Information - About the College

Crafton Hills College (CHC) is one of 112 colleges in the California Community College system, the largest college system of higher education in the world. Since its opening in 1972, learners of all ages, interests and backgrounds have passed through the doors of CHC, taking advantage of this first step to higher learning. As new businesses and industries settle in this region, CHC continues to increase in importance as a source for a college education and career training. Crafton Hills currently serves approximately 6,100 students and offers both day and evening classes.

Crafton Hills College is accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges, 10 Commercial Boulevard, Suite 204, Novato, CA 94949, (415) 506-0234, an institutional accrediting body recognized by the Council for Higher Education Accreditation and the U.S. Department of Education.

Crafton Hills College has made every reasonable effort to ensure that the information provided in this general Catalog is accurate and current. However, this document should not be considered an irrevocable contract between the student and Crafton Hills College. The content is subject to change. The College reserves the right to make additions, revisions, or deletions as may be necessary due to changes in governmental regulations, district policy, or college policy, procedures, or curriculum. The College will make every reasonable effort to inform students of significant changes that occur after publication of this document.

Located in southern California, on rolling hills above the Yucaipa Valley, and surrounded by an undisturbed natural environment, Crafton Hills College offers majors in the liberal arts and sciences, career and technical studies. With its imaginative architecture, manicured grounds and spectacular surroundings, the atmosphere of the college is one of serenity — right for reflection, growth and learning.

What sets the campus apart from many others is that, in addition to quality instruction, many of our professors are experts in their respective fields outside the classroom. The small size of the college allows for much more one-on-one communication between instructors and students. CHC instructors are noted for being accessible and caring about the students as individuals. Whether you’re a new student just getting started in college or you’re returning to college after having been out of school for a while, it is never too late to go to college. At CHC, there is still that personal touch.

There are many student services available to help you achieve your higher education goals. You can find information and a listing of student services in this catalog and in the class schedule.

The Child Development Center and the Child Development Program function collaboratively to provide the best education possible for preschool-aged children and our child development students.

In addition to student-centered classes and an able counseling and career guidance staff, CHC provides a variety of cultural, social and recreational opportunities. The Art, Music, and Theatre Arts Departments are student intensive, offering two years of experience-based education that allows our students to participate in art exhibits, concerts, and theatre productions throughout the year. Also, students have extra-curricular opportunities to explore their interests through clubs, student government and educational field trips to various locations. For recreational activities, the college’s Health and Physical Education Department oversees outstanding facilities including a gymnasium, weight room, swimming pool, and tennis courts.

Above all, CHC is a place for learning and personal growth. It has established a reputation for quality and a willingness to respond quickly and reasonably to community needs. CHC operates on the semester system. Fall semester begins in August, spring term starts in January, and summer session starts in June.

2. Occupational programs for entry into specific vocations and further training for increased occupational effectiveness while pursuing a vocation;
3. General education that provides a fundamental learning foundation and stimulates intellectual curiosity;
4. Continuing education for citizens in the community who may desire further preparation in general education or in a vocational field;
5. Programs in basic skills for increased effectiveness in pursuing the basic objectives of the college;

BACKGROUND
Crafton Hills College is one of two public community colleges serving the San Bernardino Community College District. The other is San Bernardino Valley College. Both are tax-supported, coeducational institutions governed by a locally elected board of trustees acting through a district chancellor and the president of each college.

In the fall of 1972, classes were held for the first time at Crafton Hills College. The campus buildings and grounds provide an environment essential to support a comprehensive community college. The areas from which the college generally attracts students include Yucaipa, Redlands, Highland, Loma Linda, San Bernardino, Rim of the World, Colton, Bloomington, Rialto, and Bear Valley. However, students also come from all over California, out-of-state, and foreign countries.

Some students come to the college directly from high school and pursue full-time study in transfer-preparation or career-technical programs. Others study part time to prepare for return to work or to improve their chances for advancement. Some arrive with superior academic backgrounds, some in need of considerable remedial assistance. The average age of CHC students is twenty-five. More than half the students are females. Some students stay to complete a program; others prepare for eventual transfer to four-year colleges and universities or to directly enter the workplace. Students choose Crafton Hills College because of its setting, its dedicated faculty, its challenging and engaging curriculum, and its variety of educational opportunities.

CRAFTON HILLS COLLEGE FOUNDATION
In an effort to extend educational opportunities to CHC students, Crafton Hills College established the CHC Foundation during the same year the college opened in 1972. The CHC Foundation is a nonprofit corporation devoted exclusively to raising funds for student scholarships, grants and special projects. Philanthropy has been important to CHC from the very creation of the institution. The college began as a gift of property from brothers Ruben and Lester Finkelstein. For more information about the CHC Foundation, please call (909) 389-3260.

ALUMNI ASSOCIATION
Crafton Hills College invites you to continue your affiliation with the college by joining the Alumni and Friends. Working with the Crafton Hills College Foundation, the Alumni and Friends is committed to helping Crafton Hills College students obtain their educational objectives. For more information about the CHC Alumni and Friends, the CHC Foundation, and fund raising events, please call the CHC Resource Development Office at (909) 389-3391.
Accuracy Statement - The San Bernardino Community College District has made every effort to publish an accurate schedule of classes, but may, without notice, change general information, courses, or programs offered. The reasons for change may include student enrollment, level of funding, or other issues decided by the district or college. The district and college also reserve the right to add to, change, or cancel any rules, regulations, policies and procedures, as provided by law. B. Minors — those persons under 18 years of age may establish residence in accordance with the following:

1. Married minors may establish their own residence.

Becoming A Resident

Intent to become a resident may be determined by complying with at least three of the conditions listed in the following section. Physical presence within the state solely for educational purposes does not constitute establishing California residence, regardless of the length of that presence. Should the member of the armed forces of the United States be thereafter transferred on military orders directly to a place outside this State, where the member continues to serve in the armed forces of the United States, the student shall not lose the resident status until he/she has resided in the state the minimum time necessary to become a resident, as long as continuous attendance is maintained at an institution. (Education Code: 68074.(a)(1)(2)(b))

C. A student who is an adult alien will be entitled to resident status if lawfully admitted to the United States for permanent residence in accordance with all applicable laws of the United States, provided that he/she has had residence in the state for more than one year after such admission, prior to the residence determination date for the term for which he/she proposes to attend an institution.

(Title , 68079)

H. A student who (1) has not been an adult resident of California for more than one year and (2) is the dependent child of a California resident who has had residence in California for more than one year prior to the residence determination date shall be entitled to resident status. This exception shall continue until the student has resided in the state the minimum time necessary to become a resident, as long as continuous attendance is maintained at an institution. (Education Code: 68076)
Reclassification of Residency

Students who have been classified as non-residents may be reclassified as residents by formally requesting such reclassification. The written request must be submitted to the Admissions & Records Office no later than the first day of registration for the term in which the student is seeking reclassification. The request must be accompanied by documentation verifying the student’s intent to become a California resident, evidence of physical presence in California and/or evidence of financial independence. The law clearly states that the burden of proof of verifying residency rests with the student applicant.

Evaluation of Transcripts from International Institutions

Foreign institutions are usually chartered and authorized by their national governments through a ministry of education. Although this provides for standardization within a country, it does not produce useful information about comparability from one country to another. As a result, all students who have attended a foreign institution must:

1. Have their transcripts evaluated by a member company of the Association of International Credentials Evaluators (AICE).

2. The student must have an official copy of the evaluation sent to the Crafton Hills College Admissions and Records Office.

The following organizations can assist institutions by distributing general or specific guidelines on admission and placement of foreign students. Equivalency or placement recommendations are to be evaluated in the terms of the programs and policies of the individual receiving institution.

College Credit for Advanced Placement Information

AA: Students should be aware that AP test credit is evaluated by corresponding it to an equivalent Crafton Hills College course, e.g. History 101. A student who receives AP credit and then takes the equivalent Crafton Hills College course will have the unit credit for such duplication deducted prior to being awarded the A.A. degree. Credit by Advanced Placement exam is noted and listed first on a student’s transcript, with units assigned and no grade.

CSU GE: The Advanced Placement examinations may be incorporated into the certification of CSU General Education-Breadth requirements by any certifying institution. All CSU campuses will accept the minimum units shown and apply them toward fulfillment of the designated General Education-Breadth area if the examination is included as part of a full or subject-area certification. Please note that individual CSU campuses may choose to grant more units than those specified toward completion of General Education-Breadth requirements.

IGETC: AP exams must be used in area indicated regardless of where the certifying CCC’s discipline is located. Course does not include California government and does not meet the CSU American Institutions requirement.

Advanced Placement Policy

Crafton Hills College is a participant in the Advanced Placement Program of the College Entrance Examination Board. Advanced Placement credit will be granted by Crafton Hills College according to the following policy:

1. Students must be enrolled at Crafton Hills College in order to apply for AP credit.
2. Students are required to have completed twelve (12) units at Crafton Hills College prior to applying for AP credit. See a Counselor or Admissions and Records if the AP course serves as a pre-requisite for a more advanced course.
3. Students must bring a copy of the AP score report to Admissions and Records for evaluation. Students will receive units of credit on their Crafton Hills College Transcript.
4. Units earned by AP examinations may be used to meet Certificate and Associate Degree requirements.
5. Units earned by AP examinations may be used towards CSU General Education Breadth certification according to the CSU approval list.
**GETTING STARTED**

**COLLEGE CREDIT FOR ADVANCED PLACEMENT (AP) TESTS**

Students may earn credit for College Entrance Examination Board (CEEB) Advanced Placement (AP) Tests with scores of 3, 4, or 5. AP credit can be used to meet IGETC, CSU GE, and CHC Associate Degree general education (GE) and/or major requirements. Students must have the College Board send AP exam results to the Admissions Office for use on the CHC Associate Degree or GE transfer patterns.

6. Units earned by AP examinations may be used to meet Intersegmental General Education Transfer Curriculum (IGETC), with the exception of Critical Thinking (Area 1B) and Oral Communication (Area 1C). Credits earned with a score of 3 or higher on a designated AP examination may be applied when recognized by the college as equivalent to approved IGETC courses. Each individual AP examination can clear only one course.

7. Units of AP credit may not be used to satisfy financial aid, veterans or EOPS eligibility criteria regarding enrollment status.

8. Units of AP credit may not be used to satisfy the College’s twelve (12) unit residency requirement, or be added to a student’s earned unit total for priority registration purposes.

9. A maximum of 30 units through any combination of credit by examination may be granted toward the Associate Degree.

10. Some four year institutions (e.g., out of state) may not accept AP credit.

ADMISSION OF HIGH SCHOOL STUDENTS

Crafton Hills College may admit high school students who have completed the tenth grade who are capable of benefiting from advanced scholastic courses (i.e., college level), and are seeking educational opportunities not otherwise available to them.

To be eligible, students must have:
- the recommendation of the high school principal
- the consent of a parent or guardian
- demonstrated adequate preparation in the discipline to be studied
- a GPA of 2.5 or higher

Students who meet the eligibility requirements, must submit (prior to the deadline) the following:
- Completed a CHC application
- Completed and signed High School Concurrent Enrollment Request form
- Completed Consent for Medical Treatment form
- Official high school transcripts in a sealed envelope

All applications will be reviewed by the Dean of Student Services and Student Development. Upon approval, students may register for the approved classes beginning at open registration. Course changes or enrollment in a course without prior approval will result in an administrative withdrawal without refund.

Crafton Hills College may restrict the admission and enrollment of high school students during any session based on age, completion of a specific grade level, regulation or demonstrated eligibility for instruction based on the college’s assessment methods and procedures. All high school students enrolling in college courses must have a release of liability and the maturity to function effectively on a college campus.

Admission of Students below Grade 11

In extraordinary cases, where a student who has not completed the tenth grade demonstrates superior ability and capacity to succeed in college level work in a particular discipline, the college may consider admission of that student. Such consideration will be on a course-by-course basis and will be allowed only through the add/drop process, after open registration has been completed. Students below grade 11 wishing to enroll in courses must meet all of the requirements identified in the section above as well as any pre-requisites or departmental recommendations established for the course(s) in which they wish to enroll, as demonstrated by completion of the college assessment process.

Students in this category will be bound, as are all other students, by the syllabus of the course. Course content is non-negotiable. Moreover, parents are not permitted to attend classes with their children unless they are registered for the course. These students and their parents must complete an orientation process for each course conducted by the Counseling Department. The instructor of the course will have the final determination of whether any student below grade 11 will be allowed to enroll in his or her class.

SPECIAL PROGRAMS TO SUPPORT STUDENT SUCCESS

FINANCIAL AID GRANTS AND WORK STUDY

The Financial Aid Office helps students seeking financial aid to pay for the costs of attending Crafton Hills College. Money is provided to cover the cost of enrollment fees, books, transportation and partial living expenses. Students may be working and still qualify for financial assistance. The basic type of financial aid: grants and self help (such as work study). Grants are awarded on the basis of financial need and do not require repayment. Work study offers students the opportunity to earn a portion of their college expenses through part-time employment during the school year.

The Free Application for Federal Student Aid (FAFSA) must be used when applying for financial aid. Applying on time is critical. Be sure to contact the Financial Aid Office regarding deadlines. The completed FAFSA should be done online at www.fafsa.gov after January 1, but no later than the last day of the previous spring semester, in order to ensure funds will be available for the beginning of the fall semester in August. Our school code is 009272. After submitting your FAFSA on-line, you must come into the financial aid office
approximately 4 days later to open your file in the financial aid office. Regardless if you are a new student or a returning student, everyone must open a new file each year. It is important, however, that all requested documentation be returned as soon as possible. Financial aid awards are made only after a student’s file is complete. On-time applicants (those who have complete applications by May 30, 2013 and who have returned all requested materials) can expect to receive an electronic financial aid award letter by July in their Web Advisor account. Students receiving financial aid are expected to make satisfactory academic progress toward their educational goal. This includes completing all classes for regardless if aid is received. The Financial Aid staff is here to assist you. Students often find applying for financial aid a difficult and confusing process. Those needing help or advice are encouraged to go to the Financial Aid Office. For information call (909) 389-3240.

TYPES OF FINANCIAL AID

Board of Governors Enrollment Fee Waiver

This waiver is available to California residents to cover resident enrollment fees. Students must demonstrate financial need by completing the Free Application for Federal Student Aid (FAFSA) or the Board of Governors Enrollment Fee Waiver Application. The maximum waiver is equal to the community college enrollment fees. Dream Act Students may also apply for the BOG by demonstration need by completed the Dream Act Application at www.csac.ca.gov/dream_act or BOG application.

All students who receive BOG will still have a small balance to be paid with Admissions and Records.

Should you need to apply for a refund, please check the class schedule for Important Dates for Deadlines.

Cal Grants

The California Student Aid Commission offers three grants for which Crafton Hills College students are eligible to apply. The deadline to apply for these programs for the following year is March 2 and September 2. Students interested in this program must meet the published deadline; no exceptions are made. College-Level Examination Program (CLEP) Policy

Each campus in the California State University system determines how it will apply CLEP examinations toward credit in the major.

The CLEP exams may be applied as unit credit toward the satisfaction of a GE catagory OR as elective units toward the Crafton Hills College Associate degree with the following stipulations:

1. Students must be actively enrolled and have completed 12 units at Crafton Hills College prior to applying for CLEP credit
2. Students will be granted credit for CLEP with a minimum scaled score of 50 (unless otherwise indicated) on subject area examinations. Official CLEP scores must be sent to the office of Admissions And Records for evaluation. Students will receive units of credit and grades of Pass (P) on their transcripts.
3. Units of CLEP credit may not be used to satisfy Crafton’s twelve (12) unit residency requirement nor be added to a student’s earned total units for priority registration purposes.
4. CLEP credit will not be granted if the student has completed equivalent or more advanced course work.

5. Units of CLEP credit may not be used to satisfy financial aid, veterans or EOPS eligibility criteria regarding enrollment status.

6. CLEP exams will not be applied to any major or certificate requirements unless a waiver or substitution is approved at the department level and signed by the department chair.

7. CLEP exams cannot be used to meet requirements for the IGETC.

8. University of California (UC) does not accept CLEP exams.

9. If a student passes more than one CLEP test in the same language other than English, then only one examination may be applied to the Associate Degree.

10. A maximum of 30 units through any combination of credit by examination may be granted toward the associate degree.

### Grades

Grades of “W”, “NP”, “I”, “IP”, “RD”, “RP” and “F” (if unearned) will not count as units completed, but will count as units attempted. Federal financial aid is not available for credit-by-examination courses. The Financial Aid Office will assume that students who receive “F’s” in all of their classes actually withdrew from those classes and therefore the units for those classes will not be considered as units “completed”. Students will not be paid retroactively for those units. If the student did, in fact, complete these classes and earned “F’s”, the student is required to have their instructors certify this.

### Course Repetition

Course repetition within college policy as stated in the Crafton Hills College General Catalog will be allowed; however the credits from all attempted units, including repeated classes must be included when calculating the maximum time frame, *(See Maximum Time Frame for Completing Educational Goal Section below)*

### Financial Aid Warning

Students who do not meet the units completed standard or the GPA standard will be placed automatically on Financial Aid Warning for the subsequent semester. When placed on Financial Aid Warning, student coursework is monitored for one semester. During the warning semester, the student is eligible to receive financial aid. At the end of the semester, progress will be reviewed to determine if the student now meets the standards (2.00 cumulative GPA and 67% completion of all units attempted). If the student satisfies both successful conditions outlined above, they will be removed from Financial Aid Warning.

### Unsatisfactory Progress Dismissal

Students who fail to satisfactorily complete a period of warning will be placed on Unsatisfactory Progress Dismissal. Students are not eligible to receive financial aid (except the BOG Fee Waiver) while on Unsatisfactory Progress Dismissal. In order to be considered for reinstatement, students are required to bring their magna cum laude GPA and percentage of units completed up to meet the standards without the assistance of federal financial aid.

### Appeal Process

You have the right to appeal a financial aid SAP or unit cap termination by presenting a written appeal with a personal statement and documentation of mitigating circumstances. Petition for reinstatement forms are available in the Financial Aid office.

The Satisfactory Academic Program (SAP), Appeals Committee/Financial Aid Director, evaluates all Satisfactory
Academic Program (SAP) appeals considering such factors as your personal statement, your academic history, your documented extenuating circumstances and your ability to achieve academic progress in the future.

Extenuating circumstances do not include the following:

- Applying for an additional degree or certificate
- Changed your mind about your current degree plan
- Did not like the instructor; had conflicts with the instructor; did not like the course
- Death of anyone other than immediate family member
- Illness of anyone other than you or your immediate family member
- You were young and unaware of the importance of an education

Maximum Time Frame for Completing Education Goal

All students receiving financial aid will be expected to complete a degree or certificate program within 150% of the published unit requirements for the chosen program of study. For example, students are allowed a maximum of 72 attempted degree-applicable units within which to complete an associate degree or requirements to transfer (12 units required x 6 semesters = 72). Students enrolled in programs with less than or more than the standard 60 unit requirement will be reviewed on a case-by-case basis. Thirty (30) units of remedial coursework will not be counted in the 72 unit maximum time frame. The maximum time frame is based upon units attempted. The use of a unit standard to measure maximum time frame permits variations in a student’s enrollment status to be taken into consideration within the academic year increment.

Maximum Time Frame Dismissal

Students will be placed on Maximum Time Frame Dismissal once they reach or exceed 72 attempted units (A.A/A.S and transfer students). Students in certificate or non-term programs will be placed on Maximum Time Frame Dismissal once their attempted unit total reaches 150% of the published time frame. If a student wishes to continue to receive federal financial aid, he or she must submit an appeal to the Financial Aid Office. The Director of Financial Aid and/or the Financial Aid Appeals Committee will review these appeals. The student will be notified by mail of the outcome.

Apology Process

Students placed on Maximum Time Frame Dismissal or Unsatisfactory Progress Dismissal may appeal for reinstatement of their eligibility by completing an SAP Appeal Form. Appeals must include dates, details and documentation of any extenuating circumstances, such as proof of serious illness or injury. Note, students placed on Maximum Time Frame Dismissal, must meet with an academic counselor and submit an updated Education Plan.

The appeal will be reviewed by the Financial Aid Director and/or an Appeals Committee to determine if the student’s circumstances warrant full reinstatement, probationary reinstatement, or continued dismissal. For additional information regarding these standards, please contact the Financial Aid Office located in the CL-214 or call 909-389-3223.

VETERANS EDUCATIONAL BENEFITS

Crafton Hills College is approved for the training of veterans and eligible dependents of deceased or disabled veterans. After completing an application for admission, a veteran should complete all necessary forms in the Admissions and Records Office.

Veterans are required to choose a major and enroll in classes required for that major. Failure to take proper classes may lead to reduction or termination of benefits. Official transcripts from all previous schools and colleges must be submitted to Admissions and Records Office for evaluation before the end of the student’s first term of attendance.

The unit requirements (FALL and SPRING) for Chapter 30 (Montgomery GI Bill), for Chapter 33 (Post 9/11), or Chapter 35 (Dependants’ Educational Assistance), for Chapter 1606 (Montgomery GI Bill - Selected Reserve; Educational Assistance), for VRAP (Veterans Retraining Assistance Program) and Chapter 1607 (REAP) are:

**Summer Session:** *Full-time is considered five units in a seven-week course, six units in an eight-week course or four units in a six-week course.

Veterans taking short-term courses will be paid only for the actual enrollment period. If the veteran receives an “F” or “W” grade for non-attendance, he or she must repay the VA from the date he or she stopped attending the class. In order to receive benefits, veterans and dependents must submit a Request for VA Benefits Form to the Admissions and Records Office at the beginning of each semester. It is the veteran’s responsibility to promptly notify the Admissions and Records Office of any change of program.

Veterans will be awarded seven units of credit for health and physical education (only for honorable discharge) by submitting a copy of their DD214 member 4 to the Admissions and Records Office.

Veterans on academic and/or progress probation for two consecutive semesters may not be certified for the following semester. Please see the VA counselor for details.
ORIENTATION

Crafton Hills College New Student Orientation

Crafton Hills College before they begin Crafton Hills College offers a New Student Orientation to help new students become familiar with the college. The orientation is available to students in two formats. Students may complete the orientation online or participate in an on-campus session. On-campus sessions are only available during peak registration periods. The orientation provides an overview of information that assists the student with navigating the processes, programs and services of the college. Students who complete the orientation will have a better understanding of the educational pathways available through the college as well as an introduction to the various services and programs offered at CHC. Policies and information about student rights and responsibilities is also covered.

For more information, visit the Counseling Center SSB-201 or call (909) 389-3366 or visit www.craftonhills.edu/orientation

ASSESSMENT

Assessment Process

Every new student is required to participate in the assessment process. This process is designed to assist students in choosing classes and is necessary to determine placement in English, mathematics and reading courses at Crafton Hills College. The assessment is a multiple-choice format covering reading comprehension, sentence skills, arithmetic elementary algebra, and college algebra.

Assessment is provided on a walk-in basis or by appointment depending on the time of year. The assessment schedule is available online.

Students are strongly encouraged to access the assessment orientation presentation and review materials that are available on our campus website at www.craftonhills/assessment.

Plan on two hours to complete the assessment process. For questions you may contact the assessment center at (909) 389-3361 or email at assessment@craftonhills.edu.

Assessment Exemption

New students may obtain an assessment exemption if they have:
1. Completed an associate degree or higher. (Provide transcript)
2. Completed 30 or more semester units of college work at another college or university. (Provide transcript)
3. Completed prerequisite courses with a grade of "C" or better. If prerequisite courses have not been completed in both mathematics and English, the student must take the assessment in the area not met. (Provide transcript)
4. Scored 3 or higher on the Advanced Placement Test (College Board) in English and/or mathematics. (Provide documentation)
5. Participated in the CSU EAP Process at high school and have been determined “prepared for college work” level coursework or determined provisionally prepared and completed the appropriate course during the senior year. This exemption expires one year after graduating form high school.
6. Enrolled in courses at Crafton Hills College solely to maintain certificate or license requirements.
7. Enrolled in only 6 units or less of courses for personal enrichment (e.g., PE, Music, Art) up to a cumulative total of 12 units (once 12 units of course work you has been completed, the student be required to participate in the assessment process).
8. Taken a placement exam at one of the other San Bernardino or Riverside County community colleges or taken the Accuplacer Assessment Test at another college in the last two years and provided scores and placement recommendations from the other college.

If any of the above criteria apply to you, visit the Assessment Center, SSB-201, to obtain an exemption. Students are responsible for supplying the documentation and for completing the exemption process before they will be eligible to register for classes.

For more information, visit the Assessment Center SSB-201 or call (909) 389-3361 or visit www.craftonhills.edu/assessment

Appeals

The college provides an appeals process. Consult a counselor for review of the following concerns:

1. Review of placement decisions.
2. Waiver and challenge of prerequisites.
3. Complaint of unlawful discrimination. If a student feels that assessment, orientation counseling, prerequisites, or any other matriculation procedures is being applied in an unfair manner, he or she should consult with the Dean of Student Services or counseling and matriculation.
NEW STUDENT ADVISEMENT

Every new college student is required to participate in a new Student Advisement session. In the session a counselor will discuss placement results and assist students in selecting appropriate courses for the upcoming semester based on educational and career goals. After the semester begins, students are encouraged to required to meet with a counselor to develop a multi-semester Student Educational Plan (SEP). The SEP outlines the student’s pathway to reach their individual educational or career goals.

REGISTRATION

Select your Classes

Take the time to look through the list of course offerings in the schedule, online at www.craftonhills.edu. Use your Student Education Plan (SEP) and assessment results as a guide to help you choose courses as you make your selections. Think about the hours in the day you have available to take classes, and make sure that the classes you have chosen are not held at conflicting times. Stop by the Counseling Center, SSB-201, to see a student success advisor if you would like to help selecting your classes. Remember to select some alternate courses as backups, in case your first-choice classes are already full by the time you register.

Register at www.craftonhills.edu

The first few weeks of Web registration are open to students according to a priority system. You may register by Web on your assigned priority day or any registration day thereafter. You cannot register before your assigned day. Since classes are filled on a first-come, first-served basis, we recommend that your register as soon as your priority is available.

Pay your Fees

As a publicly supported community college, Crafton Hills College provides quality education at a low cost. All fees are subject to change. Consult the schedule of classes/website for the current listing of fees and other costs.

Below lists a sample of various types of fees:

- Enrollment Fee
- Non-Resident Tuition Fee
- Non-Resident Capital Outlay Fee
- Health Fee
- Accident Insurance Fee
- Student Center Fee
- Student Representation Fee

Students who are not legal residents of California must pay the current non-resident tuition fees.

Payment is due at the time of registration. Once you have registered for courses, payment of your entire registration balance must be paid by the end of that business day.

- Fees for courses registered on weekends, holidays or scheduled campus closures must be paid in full by the end of the following business day.
- Outstanding registration fees that are not paid will result in your courses being administratively dropped due to non-payment.
- If you are a financial aid recipient, your award will not cover all of your fees. You are responsible to submit payment for any balance due.

WARNING: You are advised not to purchase textbooks until you are officially registered into the course. You are not officially registered until all fees are paid.

Payments are accepted online via WebAdvisor or in-person in the Admissions & Records Office.

Any fees covered by Financial Aid will be paid automatically at the time of registration. The AS Card and parking permit are optional and at your expense. Please check your registration statement (printout). You may have a balance due.

COURSE IDENTIFICATION NUMBERING SYSTEM (C-ID)

The Course Identification Numbering System (C-ID) is a statewide numbering system independent from the course numbers assigned by local California community colleges. A C-ID number next to a course indicates that participating California colleges and universities have determined that courses offered by other California community colleges are comparable in content and scope to courses offered on their own campuses, regardless of different titles or numbers. If a schedule of classes or catalog lists a course with a C-ID number (for example COMM 110) students at that college can be assured that it will be accepted in lieu of a course with the C-ID COMM 110 designation at another community college. In other words, the C-ID designation can be used to identify comparable courses at different community colleges. However, students should always go to www.assist.org to confirm how each college’s course will be accepted at a particular four-year college or university for transfer credit.
The C-ID numbering system is useful for students attending more than one community college and is applied to many of the transferable courses students need as preparation for transfer. Because these course requirements may change and because courses may be modified and added to or deleted from the C-ID database, students should always check with a counselor to determine how C-ID designated courses fit into their educational plans for transfer.

Students may consult the ASSIST database at www.assist.org for specific information on C-ID course designations. Counselors are available to help students interpret or explain this information. Courses that qualify as C-ID are located in section VII.

PREREQUISITES, COREQUISITES AND DEPARTMENTAL RECOMMENDATIONS

When registering for classes, students are required to adhere to enrollment policies that relate to prerequisites, corequisites and departmental recommendations.

1. A prerequisite means a condition of enrollment students are required to meet in order to demonstrate readiness for enrollment in a course or educational program. Students registered in a class without having completed the prerequisite(s) may be dropped from the class. Prerequisite courses completed with a grade of D or F indicate unsatisfactory performance in those courses and do not satisfy the prerequisite.

2. A corequisite means a condition of enrollment consisting of a course a student is required to take simultaneously in order to enroll in another course.

3. A departmental recommendation means a condition of enrollment a student is advised, but not required, to meet before or in conjunction with enrollment in a course or education program.

Students will not be allowed to enroll in a prerequisite course taken after the higher level course, except by Petition for Academic Exception.

Prerequisite/Corequisite Challenge Process

Any prerequisite or corequisite may be challenged by a student on one or more of the grounds listed below. The student shall bear the initial burden of showing grounds exist for the challenge. Challenges shall be resolved in a timely manner and, if the challenge is upheld, the student shall be permitted to enroll in the course in question. Grounds for challenge are:

1. The prerequisite or corequisite has not been established in accordance with the district’s process for establishing prerequisites and corequisites;
2. The prerequisite or corequisite is in violation of Title 5 of the Education Code;
3. The prerequisite or corequisite is either unlawfully discriminatory or is being applied in an unlawfully discriminatory manner;
4. The student has the knowledge or ability to succeed in the course or program despite not meeting the prerequisite or corequisite;
5. The student will be subject to undue delay in attaining the goal of his or her Student Educational Plan because the prerequisite or corequisite course has not been made reasonably available;
6. The student seeks to enroll and has not been allowed to enroll due to a limitation on enrollment established for a course that involves intercollegiate competition or public performance, or enrollment in one or more of the courses has been limited to a cohort of students. The student shall be allowed to enroll in such a course if otherwise he or she would be delayed by a semester or more in attaining the degree or certificate specified in his or her Student Educational Plan;
7. The student seeks to enroll in a course which has a prerequisite established to protect students’ health and safety, and the student demonstrates that he or she does not pose a threat to himself or herself or others.

REGISTRATION & ENROLLMENT

Open Classes

Students who have been officially admitted to Crafton Hills College are eligible to enroll in any class for which they meet either the prerequisites or corequisites or both. Of course, only so many persons can fit into classrooms and laboratories, so class sizes are limited and enrollment is on a priority basis.

Adding Courses

Students may add courses during the first two weeks for a full-term course, or the first 10% of a short-term course. After the add period concludes, students may add a course only with the instructor’s permission and through a petition approved by the Dean of Student Services and Student Development or designee. (SBCCD Administrative Procedure 5080)

Dropping Courses

Students may drop courses during the first three weeks or 20% of a term, whichever is less, and there shall be no notation on their permanent academic record.

Students may withdraw from courses between the end of the fourth week and the last day of the eleventh week or 60% of a term, whichever is less, and a “W” shall be recorded on their permanent academic record. Failure of the student to officially withdraw from a registered course may result in responsibility for enrollment fee payments for the class and/or receipt of an “F” grade. (SBCCD Administrative Procedure 4233, 5080)

Withdrawal from a course(s) may be approved in extenuating circumstances after the last day of the 11th week or 60% of a term through a petition approved by the Dean of Student Services and Student Development or designee. Extenuating circumstances are defined as verified cases of illness, accident, unforeseen job shift change, job assignment outside the attendance area, extreme weather conditions, or other circumstances beyond the control of the student. (SBCCD Administrative Procedure 4233)

Instruction Initiated Drops

Instructors shall drop students due to inactive enrollment no later than the end of the last business day before the census day for all students who have been identified as no shows, or students who are no longer attending the course.

An instructor may drop a student from a class for excessive absences. Reinstatement is the prerogative of the instructor but must occur prior to the last day to add. Students who are dropped by instructors during the first three weeks or 20% of a term, whichever is less, shall have no notation made on their permanent academic record. Students who are withdrawn by instructors between the end of the third week and the last day of the eleventh week or 60% of a term, whichever is less, shall have a “W” posted on their permanent academic record. (SBCCD Administrative Procedure 4233, 5080)

MULTIPLE AND OVERLAPPING ENROLLMENTS

A student may not enroll in two or more sections of the same credit course during the same term unless the length of the course provides that student is not enrolled in more than once section at any given time. Students needing additional instruction may be referred for tutoring.

A student may not enroll in two or more courses where the meeting time for the courses overlap unless:

- The student provides a valid justification other than scheduling convenience of the need for an overlapping schedule;
- The Vice President of Instruction and the instructor of record approve the schedule;
- The student makes up the overlapping hours at some other time during the same week under the supervision of the instructor of the course;
- The college maintains a record of the make-up time completed by the student.

(SBCCD Administrative Procedure 4226)

An Approval for Overlapping Classes form may be obtained from the Office of Instruction (LADM-300).

ATTENDANCE

It is the student’s responsibility to attend classes regularly and on time. Students who do not attend the first class session may be dropped from the class at the discretion of the instructor. However, it is each student’s responsibility to officially drop any class he/she does not attend or stops attending. Students should not rely on instructors to drop or withdraw them. Failure to officially withdraw from a class by the withdrawal deadline may result in the assignment of an “F” (Failing) grade.
CANCELLED COURSES

The college reserves the right to cancel any class that does not meet the minimum size requirements established by the District. Students will automatically be mailed a refund of the enrollment fees for any class cancelled by the college.

REFUND POLICY

Class Cancelled by the College
If a class is cancelled by the college, enrollment and/or nonresident tuition fees will be refunded in their entirety. If the cancellation results in a student’s withdrawal from the college, the mandatory fees will also be refunded.

Withdrawal from the College
If a student withdraws from the college during the first two weeks of a full-term class or during the first 10% of a short-term class, enrollment fees and/or non resident fees will be refunded.

In order to be eligible for a refund of parking, health, accident insurance, associated student (AS) card, student center and the student representation fees, a student must withdraw from the college prior to the first day of the term for a full-term class or prior to the first day of instruction for a short-term class.

Unit Reduction
If a change of program within the first two weeks of a full-term class or during the first 10% of a short-term class results in a reduction in the number of units taken, the enrollment fee or non-resident fee will be refunded at the per-unit cost of the reduction.

A student who withdraws from a class or the college after the second week of instruction for a full-term class or the first 10% of a short-term class is not eligible for any refund.

Students who are dropped by instructors shall be eligible for a refund or credit pursuant to the District’s refund policy.

Refund Processing Fee
A charge of $10 will be collected for each refund transaction not to exceed $10 per student per semester. No charge applies for cancelled classes or over payments. (SBCCD Administrative Procedure 5033)

How to Calculate Your GPA

Your GPA or Grade Point Average is the average of your grades. You can calculate your GPA for one semester or for your cumulative, overall GPA.

Example:

<table>
<thead>
<tr>
<th>Course</th>
<th>Units Attempted</th>
<th>Grade (numerical value)</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Engl 101</td>
<td>4</td>
<td>B (3)</td>
<td>12</td>
</tr>
<tr>
<td>Math 102</td>

<td>1</td>
<td>F (0)</td>
<td>0</td>
</tr>
<tr>
<td>Totals</td>
<td>18</td>
<td></td>
<td>46</td>
</tr>
</tbody>
</table>

1. Grades are assigned a numerical value: A=4.0, B=3.0, C=2.0, D=1.0, F=0.0
   Note: Units attempted that result in P/NP, CR/NC, W, IP, RD or I grades are not used to calculate the GPA.

2. Multiply the units attempted by the numerical value of the grade to get the grade points:

<table>
<thead>
<tr>
<th>Units Attempted</th>
<th>Grade</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>4</td>
<td>B (3)</td>
<td>12</td>
</tr>
</tbody>
</table>

3. Total the units attempted and the grade points.

4. The GPA is determined by dividing the total grade points by the number of attempted units:

<table>
<thead>
<tr>
<th>Grade Points</th>
<th>Units Attempted</th>
<th>Grade Point Average</th>
</tr>
</thead>
<tbody>
<tr>
<td>46</td>
<td>18</td>
<td>2.56</td>
</tr>
</tbody>
</table>

Grade Scale:
4.0 = A average
3.0 = B average
2.0 = C average
1.0 = D average
0.0 = F average

Converting Quarter Units to Semester Units

Quarter units are converted to semester units by multiplying the quarter units by 0.667:

   Example: 4 (quarter units) x 0.667 = 2.67 (semester units)

Converting Semester Units to Quarter Units

Semester units are converted to quarter units by multiplying the semester units by 1.5:

   Example: 4 (semester units) x 1.5 = 6 (quarter units)
Incomplete (I)

An incomplete or "I" may be assigned at the discretion of the instructor when a substantial portion of the class work has been completed by the student but some part of the student’s work remains to be completed at the end of the term. An "I" may be assigned to a student who, in the judgement of the instructor, is unable to complete a course due to a verified unforeseeable emergency.

The instructor shall complete an Incomplete Grade Submission form which will indicate what the student must do to complete the course and what grade the student will receive if the work is not completed in the time prescribed by this policy. This written record must be given to the student, with a copy on file in the Admissions and Records Office. The Incomplete Grade Submission form may be obtained from the Admissions and Records Office (SSA-212).

The time limit for an "I" grade to be resolved is no later than one (1) year following the end of the term in which it was assigned. A final grade shall be assigned when the work stipulated has been completed and evaluated or after one (1) year following the end of the term in which the "I" was assigned. (SBCCD Administrative Procedure 4232)

The "I" symbol shall not be used in calculating units attempted nor for grade points. Students intending to earn an associate degree from Crafton Hills College must resolve all incomplete grades, whether at Crafton Hills College or any other regionally-accredited institution attended, prior to the end of the term in which the degree will be granted. Students must submit official transcripts to the Admission and Records Office showing the removal of all incomplete grades, replaced with an appropriate letter grade or other evaluative symbol.

Pass/No Pass (P/NP)

Courses may be offered in either or both of the following categories:

- Courses in which all students are evaluated on a “pass/no pass” basis.
- Courses in which student elects to be graded a “pass/no pass” basis upon registering or by the end of the fourth week of instruction for regular term courses or no later than 30% of a term length for short term courses.

Students electing to be graded on a “pass/no pass” basis are responsible for all assignments and examinations required in the course. The standards of evaluation are identical for all students in the course. A Pass or “P” will be assigned for performance that is equivalent to a letter grade of “C” or better. A student who fails to perform satisfactorily will be assigned a No Pass or “NP.”

Students who are assigned a “P” will receive both course credit and unit credit. However, units earned as “P” shall not apply toward fulfilling the requirements of a student’s major except (1) if the student earned a “P” in a course and subsequently declares a major in which those units are required or (2) if the student earns a “P” in a course required for a major that is offered only on a “pass/no pass” basis at another college. Students may take up to fifteen (15) units of “pass/no pass” courses to apply toward meeting graduation requirements.

Units earned as “P” or “NP” shall not be included in the determination of the student’s grade point average.

After the deadline, the only justification for a change from “pass/no pass” to a letter grade is institutional error or extraordinary circumstances that require approval through the college petition process. (SBCCD Administrative Procedure 4231)

More information, instructions and forms may be obtained in the Admissions and Records Office (SSA-212).

Grade Changes

The instructor of the course shall determine the grade to be awarded. The determination of the student’s grade by the instructor is final in the absence of mistake, fraud, bad faith, or incompetency. "Mistake" may include, but is not limited to errors made by an instructor in calculating a student’s grade and clerical errors. "Fraud" may include, but is not limited to inaccurate recording or change of grade by any person who gains access to grade records without authorization.

The removal or change of an incorrect grade from a student’s record shall only be done pursuant to Education Code 76232 or by an alternate method that ensures that each student shall be afforded an objective and reasonable review of the requested grade change.

If the procedure requires that a student first request a grade change from the instructor, provisions shall be made to allow another faculty member to substitute for the instructor, if the student has filed a discrimination complaint, if the instructor is not available or where the district determines that it is possible that there may have been gross misconduct by the original instructor.

Grades may not be changed for any reason or any circumstances after 36 months from the end of the term in which the grade was assigned.

In case of fraud, bad faith, or incompetency, the final determination concerning removal/change of grade will be made by the College President after consultation with the President of the Academic Senate or his/her designee. (SBCCD Administrative Procedure 4234)
Withdrawal (W)

Students who withdraw or are withdrawn from class(es) after the end of the third week, or 20% of a term and before the end of the eleventh week, or 60% of a term, whichever is less, shall have a “W” posted to their permanent academic record. The “W” symbol shall not be used in calculating grade point averages, but shall be used in determining probation and dismissal.

A “W” shall not be assigned, or if assigned shall be removed, from a student’s academic record, if a determination is made that the student withdrew from a course due to discriminatory treatment or due to retaliation for alleging discrimination treatment or that the student withdrew because he/she reasonably believed that remaining in the course would subject him/her to discriminatory treatment/retaliation for alleging discriminatory treatment.

A “W” will not be assigned to any student who withdrew from one or more courses, where such withdrawal was necessary because of the student was engaged in fighting wildfires, was forced to evacuate his/her home due to such fires, or suffered loss or injury as a result of such fires.

A student who withdraws or is withdrawn from a course multiple times will be referred to counseling to help determine what is causing the need for repeated withdrawals. Students may receive no more than three (3) “W” grades for any one course. (Title 5, Section 55024)

Military Withdrawal (MW)

A Military Withdrawal or “MW” shall be assigned to a student who is a member of an active or reserve U.S. military service and who receives orders compelling a withdrawal from courses. Upon verification of such orders, the symbol may be assigned at any time. The “MW” symbol shall not be counted in progress probation or dismissal calculations. (SBCCD Administrative Procedure 4233)

OPEN ENTRY/OPEN EXIT COURSES

Students completing less than 60% of the work or time required in an open entry/open exit course will be given a grade of “W”. Students completing 60% or more of the work or time required will be assigned the grade earned, i.e., “A”, “B”, “C”, “D”, “F”, “P” or “NP.”

UNIT LIMITATIONS

To be considered a full-time student, students must carry a minimum of twelve (12) units. Regular full-time students are restricted to a maximum of eighteen (18) units each semester. During the summer session, students are restricted to one (1) unit for each week of instruction. For example, in the six-week session, a student may carry up to six (6) units. If a student wishes an overload, that is, units in excess of the maximum, he/she must receive approval from a college counselor prior to registering for classes. Contact the Counseling Center for exceptions to this policy.

CLASS LEVEL

Students are classified according to the number of units they have successfully completed. Students who have completed fewer than thirty (30) units are considered freshmen. A student who have completed thirty (30) to sixty (60) are considered sophomores. Students who have completed more than sixty (60) units are classified as special students.

NON-DEGREE APPLICABLE COURSES

Courses numbered 900-999 do not apply toward a degree and are designed to provide the fundamental skills necessary for successful completion of other college courses. These include precollegiate courses in reading, writing, computation, learning skills, and study skills. In accordance with Title 5, Section 55758.5 (b), grades earned in non-degree applicable courses are not included when calculating a student’s degree-applicable grade point average.

Students will not receive credit for more than 30 units of basic skills course work taken in the San Bernardino Community College District. Basic skills coursework earned in another community college district will not be counted toward the 30-unit limit.

EARNING CREDIT

UNITS OF CREDIT

Academic work at Crafton Hills College is measured in units of credit. In general, to earn one unit of credit, a student attends a lecture class that meets one hour a week; a laboratory class that meets three hours a week; or clinic, field, or work experience for five hours a week. An exception to this rule is Credit by Examination.
WHAT YOU NEED TO KNOW

COURSE REPETITION

Generally students may take a course only once. Students may repeat a course:

1. If the course number includes the notation x2, x3, or x4, then the course may be taken 2, 3, or 4 times, respectively.

2. If a course is required to meet a legally mandate training requirement as a condition of continued paid or volunteer employment, the student may repeat the course upon approval through the college’s petition process.

3. If the student earned a substandard grade ("D", "F" or "NP"), or was assigned a withdrawal ("W"), he/she may attempt the course two additional times in an effort to successfully complete the course. In cases here the student earns a letter grade (e.g. "A", "B", "C", "D" OR "F") in the subsequent attempt, the most recent grade earned will be computer in the cumulative GPA and the student’s academic record so notated (e.g.previous grade will not count). Students may attempt a course more than three times only upon approval through the college’s petition process. (Title 5, Section 55024)

4. If the student earned a standard grade ("A", "B", "C" or "P"), he/she may repeat the course one time only upon approval through the college’s petition process. Grades issued under this petition will not be counted in the computation of the GPA.

5. If there has been a significant lapse of time since the student earned credit for the course and another institution of higher education to which the student seeks to transfer has established a recency requirement which the student will not be able to satisfy without repeating the course, the student may repeat the course upon approval through the college’s petition process.

Courses in which an incomplete ("I") has been recorded may not be repeated until an evaluative grade has been recorded.

Student permanent records shall reflect all work attempted so that the student’s transcript is a true and complete academic record. (SBCCD Administrative Procedure 4225, 4227)

CREDIT BY EXAMINATION

Currently enrolled students who feel that their knowledge is equivalent to the course content of a currently approved course may apply for Credit by Examination. To do so, the following conditions must be met:

- The student must submit evidence of extensive background and/or experience in the subject area to the instructor of the course.
- The student must have completed twelve (12) or more units at Crafton Hills College or be a permanent employee of the San Bernardino Community College District.
- The student must be enrolled in the college during the semester in which the examination is taken, but not enrolled in the course for which the student wishes to earn Credit by Examination.

CREDIT FOR MILITARY EXPERIENCE

Students who have served on active duty with the Armed Forces for at least one year are eligible to receive up to seven (7) units of credit with pass ("P") grades. A student may alleviate certain previous substandard academic performance which is not reflective of his/her present demonstrated abilities through Academic Renewal Without Course Repetition. A student may petition to have any substandard grades for courses taken during two consecutive semesters of attendance eliminated from the computation of the total grade point average, not to exceed a total of thirty (30) units. Students submitting such petitions must have been enrolled and must have completed 24 units of college work
at any accredited college with a grade point average of 2.5 or better subsequent to the semester(s) being petitioned. The semester(s) under consideration must have been completed at least two semesters prior to the time of submitting the petition. Neither grades nor courses will be "taken off" the student's record. Instead, courses under consideration will be indicated and annotated accordingly on the student's permanent record. The student's permanent records from other institutions will not be altered. The student may not request for Academic Renewal more than once. (SBCCD Administrative Procedure 4240)

PETITION FOR ACADEMIC EXCEPTIONS

The Academic Exceptions Committee has been established for students who encounter circumstances outside the realm of normal college policy and procedures that affect their educational progress. FAMILY EDUCATIONAL RIGHTS & PRIVACY ACT (FERPA)

Notification of Rights under FERPA

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the students' education records within 45 days of the day the University receives a request for access.

   A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The College official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the College official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

   A student who wishes to ask the College to amend a record should write the College official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

   If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before the College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

   The College discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the San Bernardino Community College District in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the District has contracted as its agent to provide a service instead of using District employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

   A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the College. Upon request, the College may also disclose education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the College to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

Crafton Hills College does not maintain a public directory. However, Crafton Hills College may disclose appropriately designated "directory information" without written consent, unless the student has advised the College to the contrary in accordance with College procedures. In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965 (ESEA) to provide military recruiters, upon request, with three directory information categories-names, addresses and telephone listings-unless the student has advised the LEA that they do not want their information disclosed without their prior written consent.

STUDENT RIGHTS AND RESPONSIBILITIES

Preamble

Crafton Hills College exists for the transmission of knowledge, the pursuit of knowledge and creative expression, the development of students, and the general well being of our community and society. Free inquiry and free expression are indispensable to the attainment of these goals. As members of this learning community, students are encouraged to develop the capacity for critical judgement and to engage in an independent and sustained search for knowledge and creativity.

Freedom to teach and freedom to learn are inseparable facets of academic freedom. The freedom to learn depends on appropriate opportunities and conditions in the classroom, on the campus, and in the larger community. Students shall exercise their rights with responsibility, while not threatening or endangering the rights of other members of the Crafton Hills College community.

1. Course Entry Expectations. Prior to enrolling in courses, students shall have information available regarding the academic and/or performance standards recommended or required for the successful completion of the course. Such information is explained in the Course Outlines for each course, available to the students from the respective departments and on the Crafton Hills College web page.

2. Course Expectations. At the beginning of each course, students shall receive, in writing, information outlining the method of evaluating student progress, including the method by which the final grade is to be determined. Students are responsible for maintaining the academic and/or vocational standards, established and stated in advance, for each class in which they are enrolled.

3. Independent, Critical Thought and Expression. Instructors shall permit free discussion, inquiry, and expression of thought by students within the parameters detailed in SBCCD Board Policy 5500. Standards of Conduct and Disciplinary Procedures.

4. Learning. Students are free to examine, discuss, and pursue all questions and avenues of interest to them, and express their opinions, privately and publicly within the class setting, as appropriate to the course.

6. Invited Speakers. Pursuant to SBCCD Board Policy 4320, Off-Campus Speakers, student organizations shall have the right to recommend, invite, and hear any person(s) of their choosing, as long as such speakers and/or performers comply with federal, state and local laws, and assume responsibility for the safety of the members of the college community and the protection of public property. It is the students’ responsibility, through disclaimers on all published materials, to make clear to the college community and the larger community that the public expressions of students, student organizations, and guest speakers and/or performers speak only for themselves.

7. Publications. Student publications serve to inform, instruct, influence, and entertain the campus community and are governed by SBCCD board policy. The Associated students and the Director of Student Life have the responsibility to divest the role of student publications, and set the standards. In doing so, they shall seek to strike a reasonable balance between academic and editorial freedom and the highest ethics of responsible journalism, avoiding libel, undocumented allegations, attacks on personal integrity, harassment and innuendo. All publications must state that the opinions expressed are not necessarily those of the college or the student body.
8. **Confidentiality.** Students have the right to have their academic records treated in a confidential and responsible manner with due regard given to the personal nature of the information contained therein. ### In the Classroom

A proper teaching and learning environment is imperative for getting a good education. Everyone at Crafton Hills College is responsible for helping to create this environment, including students. Simple rules of courtesy apply.

1. **Respect for the Instructor.** This includes arriving on time, not leaving early, bringing appropriate materials, not speaking with other students while the instructor or another student is talking, not bringing food or drink into the classroom, and not being loud, boisterous or argumentative.

2. **Respect for Other Students.** This includes not interfering with the rights of others to listen and participate, being respectful and not using inappropriate language or harassing others in any way.

3. **Academic Honesty.** Lack of honesty in the classroom is considered a very serious offense. Any form of cheating on tests or assignments, turning in work which is not one’s own (i.e. plagiarism), talking during tests, furnishing false information to college personnel, or knowingly misrepresenting oneself to the college are grounds for disciplinary action. The consequences of cheating are severe and may include receiving a grade of “F” for the class and/or possible expulsion from the college.

4. **Instructor’s Rights.** An instructor has the right to remove a student from class at any time he or she considers a student’s actions to be interfering with a proper collegiate environment. The instructor may also refer the incident to the Vice President of Student Services for disciplinary action as warranted.

5. **Student’s Rights.** All students have a right to due process. If a classroom conflict occurs, the student must first discuss the problem with the instructor. If there is no resolution of the conflict, the student should follow the procedures detailed in SBCCD Administrative Regulation 5530.

### On the Campus

Creating a proper campus environment is also very important for academic and individual success. The student shall not return to the class during the period of the removal without permission of the instructor. Nothing herein will prevent the college president or designee from recommending further discipline in accordance with these procedures based on facts that led to the removal. As used in this rule, “good cause” includes those offenses listed in the Student Code of Conduct. The faculty member is not obliged to provide makeup opportunities for class work missed during the two (2) class sessions of suspension.

Due Process
An accused student has the right to due process, as outlined in SBCCD Administrative Procedure 5500.

STUDENT GRIEVANCE PROCEDURE
(SBCCD Board Policy/Administrative Procedure 5530)
If you feel you have been treated unfairly, you have a right to complain. To ensure that your grievance receives a reasonable hearing, refer to SBCCD Board Policy/Administrative Procedure 5530.

Grievance proceedings may be initiated against a District employee or another student for any of the following reasons:
1. Any act of threat or intimidation;
2. Any act of threat of physical aggression;
3. Any arbitrary action or imposition of sanctions without a proper regard to academic due process as specified in college procedures.

NOTICE:

a. Grades are not grievable but can be appealed. (see SBCCD Administrative Procedure 5540).
b. Sexual harassment complaints are filed in accordance with SBCCD Administrative Regulation 5510 and are not covered under Student Grievances.
c. Discrimination complaints are filed in accordance with SBCCD Administrative Procedure 3430 and are not covered under Student Grievances.

Time for Filing a Grievance Notice
The appropriate vice president, district manager, or designee will accept a formal written student grievance when submitted within 180 calendar days of the event’s occurrence and under the provisions specified. A grievance may be denied if the events occurred more than 180 calendar days prior to the date in which the grievance was filed in writing.

A copy of all relevant Board Policies and Administrative Regulations can be obtained in the Student Services Office (SSA-306).
Student Grade Appeals  
(SBCCD Administrative Procedure 5540)

According to California Education Code, Section 76224(a), when grades are given for any course of instruction taught in a community college district, the grade given to each student shall be the grade determined by the instructor of the course and the determination of the student’s grade by the instructor, in the absence of mistake, fraud, bad faith, or incompetence, shall be final. This means that no individual at the college has the authority to change a grade unless persuasive evidence is presented indicating mistake, fraud, bad faith or incompetence on the instructor’s part.

Informal Process

All attempts should be made to resolve the grade dispute at the lowest level possible; however, a student may proceed directly to the formal process.

Step 1: If possible, the student first meets with the faculty member who issued the grade; or, if the faculty member is no longer employed or working at the College, the student then meets with the Department Chair or designee to resolve the grade dispute. If resolved and a grade change is indicated, the instructor or designee completes a Grade Change Form.

Step 2: If unresolved in Step 1, the student then meets with the Department Chair or designee. If resolved and a grade change is indicated, a Grade Change Form is completed. If the dispute is not resolved then a formal appeal process can be initiated.

According to code, if mistake, fraud, bad faith, or incompetence is the reason for the grade dispute, the burden of proof lies with the student to produce facts that support this allegation, proceeding then to the formal process. If such evidence exists, the student must complete the Grade Appeal Form and make an appointment to see the Dean.

Formal Appeal Process

Step 1: The student meets with the Division Dean who will confer with the faculty member and/or Department Chair or designee, to attempt to resolve the grade dispute. If resolved and a grade change is indicated, the faculty member completes a Grade Change Form.

Step 2: Investigation: If the matter is not resolved, the student may submit the issue to the Director of Admissions and Records, in consultation with the Vice President of Instruction and appropriate instructional dean, where a full investigation will be conducted within 30 work days of the Step 2 filing date, and a determination made as to status of the grade dispute. During the investigation the student will be able to present evidence of mistake, fraud, bad faith, or incompetence of the instructor. The instructor will be able to provide evidence to support the grade. If the investigation shows fraud, bad faith, or incompetence, the investigative report will be provided to the Vice Chancellor of Human Resources for appropriate action. If a mistake has been made and a grade change is indicated, a Grade Change Form is submitted to Admissions and Records.

Step 3: Hearing: If the matter is not satisfactorily resolved and a grade change may be warranted because evidence shows fraud, bad faith, or incompetence, the student may request a formal hearing by the Grade Appeal Committee through the Office of Admissions and Records. The committee shall be comprised of the Vice President of Instruction, 2 faculty members, 2 students and one educational administrator (not of the division where the accused faculty member works). A meeting will be convened within five (5) working days (unless mutually agreed upon to delay). The student and instructor, if still employed, will be expected to attend the hearing. All attempts will be made to contact an instructor who is no longer employed by the college regarding the grade dispute. The Grade Appeal Committee will provide a written decision to the student within five (5) working days of the date of the hearing. The decision of the Grade Appeal Committee is final. If resolved, the Change of Grade Form, the Grade Appeal Form, the written summary of the investigation findings, and the written decision of the Grade Appeal Committee are submitted to Admissions and Records.

<sup>b</sup> Accreditation by the Western Association of Schools and Colleges is an expression of confidence that an institution is satisfactorily achieving its objectives, and that it meets or exceeds the Commission’s standards and abides by Commission policies. The Commission is concerned with institutional integrity and with performance consistent with Commission standards and policies. While it cannot intervene in the internal procedures of institutions or act as a regulatory body, the Commission can and does respond to complaints regarding allegations of conditions at affiliated institutions that raise significant questions about the institution’s compliance with the standards expected of an accredited institution. Students and community members have the right to file a complaint with the Commission. Information regarding the complaint process is available on the Commission’s website, [http://californiacommunitycolleges.cccco.edu/ComplaintsForm.aspx](http://californiacommunitycolleges.cccco.edu/ComplaintsForm.aspx).
ACADEMIC FREEDOM

The San Bernardino Community College District is committed to the principle that the free expression of ideas is essential to the education of its students and to the effective governance of its colleges. The District further subscribes to the principle that the free expression of ideas should be limited only by the responsibility to express ideas with fairness, and in a manner that respects the differing ideas of others and distinguishes between established fact and theories and one’s own opinion.

No special limitations shall be placed upon study, investigation, presentation, and interpretation of facts and ideas concerning human society, the physical and biological world, and other branches of learning, subject to accepted standards of professional responsibility. Students shall have the opportunity to study controversial issues and divergent views, and to arrive at their own conclusions. Academic employees have an obligation to protect the student’s right to freedom of inquiry even when the student’s conclusions differ from those of the academic employees. While students may represent without penalty any opinion in or out of class, they may be required to demonstrate knowledge of views contrary to their own in order to fulfill course requirements. (SBCCD Board Policy/Administrative Procedure 4030)

STUDENT INTEGRITY POLICY
(adopted by the CHC Academic Senate April 12, 2008)

General Principal

At Crafton Hills College individuals access educational opportunities in order to develop their unique potential. The College helps students prepare to meet the challenges of an increasingly complex society and to become part of an informed and engaged citizenry. An essential feature of this process is that the individual student complete assigned work and that there be valid assessment of the student’s accomplishments.

Instructors in every class have a right to assume that all examinations, quizzes, assignments, and other gradable work done by the student is that particular student’s own individual production, and has not benefited from unauthorized assistance from other sources.

Special Applications

The presumption would be that, in written assignments, students are not permitted to use another person’s words without attribution. Specifically, plagiarizing the words of another writer (whether from a book, article, broadcast, internet, or another student) is not permitted.

The presumption would be that, in quantitative assignments (such as accounting exercises, math homework or science lab reports), each student has independently derived his/her own data, made his/her own calculations, checked those figures, and come up with his/her own interpretations of those results.

The presumption would be that, in quizzes and examinations, each student has not received unauthorized help from another person, and in the case of closed-book test, no notes, books or electronic devices or electronic communication from other sources has been used.

Students must take all examinations given in the courses in which they are enrolled, and may not be excused from the required examinations of any course, including final examinations. Students who are absent during an examination forfeit the right to make up the examination unless they have prior permission from the instructor.

Final examination hours and dates are published in the schedule of classes. Final examinations for short-term classes are given during the last class meeting.

The established final examination schedule cannot be changed without approval from the Vice President of Instruction.

When an infraction involves unauthorized copying from or collaborating with another student in the class, all students participating are to be held guilty of the infraction. “I was just helping him/her by giving him/her the right answers” is not a defense.

Incidences where student behavior does not adhere to these presumptions constitutes academic dishonesty.

Announcement of Policy

The College shall announce its general academic honesty policy in the widest possible fashion: website, catalog, schedule of classes, student handbook, etc.

It is the duty of every instructor to announce special modifications and interpretations of that policy. For example, instructors may wish to permit group activities in class, open note exams, team projects, or out-of-class consultation on homework to check calculations or writing. The expectations of the proper use of tutors and study partners must also be clarified by individual instructors and/or programs.

The faculty based modifications and interpretations of acceptable academic honesty must be communicated to students by some written format, such as the course syllabus, FAQ file, instructions on assignments, or other course documents or program documents. These documents should strive for specificity as to what constitutes an infraction and which sanctions shall be applied.
Reporting

Faculty members are obligated to report incidences of infraction to the College disciplinary officer. These reports should include the name of the student, course, instructor, assignment, nature and date of the infraction, and the sanction applied.

Infractions and Sanctions

When a faculty member has a reasonable suspicion of a student’s lapse of academic integrity (based upon direct observation, witness(es), or documentary evidence) that faculty member must

1. determine if the evidence is sufficient to warrant a finding of infraction;
2. determine if further investigation is required;
3. apply an appropriate sanction: This is to be at the discretion of the faculty member and can range from a warning to a reduced grade for the assignment, with attendant consequences.

The disciplinary actions are consistent with SBCCD Board Policy 5500, which lists cheating and plagiarism as behavior that subjects a student to such discipline. Administrative Regulation 5500 details a range of possible disciplinary actions: reprimand, probation, suspension, expulsion and specific steps to follow in cases of suspension or expulsion.

In particular career-technical programs, the definitions and disciplinary procedures for academically dishonest or professionally unethical behavior are also governed by an external authority. The standards and processes established for students in these programs are different than those described in this document. Students in these programs will receive notification of these requirements upon admission to the program. Instructors in these programs are still obliged to report incidences of infraction to the Vice President of Student Services.

The criterion for an appropriate sanction is that the sanction match the guidelines published (by the instructor, program, department, College, District, etc.) prior to the infraction.

In general, the sanction applied at the discretion of the instructor will be the maximum penalty imposed upon the student(s) violating the standards. However, in consultation with the instructor, the additional sanctions of suspension or expulsion may be applied by the Vice-President of Student Services in cases where

1. there are repeated infractions by the same student;
2. the help from the other student was gained through coercion or duress;
3. another student’s work was accessed without the permission of that student;
4. the violator has threatened a witness or faculty member not to bring forth evidence in this case.

Appeal

Students accused of academic dishonesty have a right to appeal the findings of the instructor, but the burden of proof will be on the student. The appeal will be made to the office of the Vice President of Student Services, who will arrange for the case to be heard by a panel. The appeals panel will be composed of three faculty members, one college administrator, and one student (selected by the Student Senate). If a simple majority of the panel vindicates the student, then the complaining faculty member’s sanction will not apply. A simple majority of this panel can sustain the finding that the student was guilty of violating the academic honesty policy of this course, and therefore, the sanction applied by the complaining faculty member will apply. Additionally, a simple majority of the panel may determine that institutional sanctions do apply against the student.

OTHER POLICIES FOR STUDENTS

ANIMALS/PETS ON CAMPUS

The college does not permit staff or students to bring animals on campus, with the exception of service dogs and animals used for instructional purposes. At no time should pets be left in vehicles.

CAMPUS FACILITIES USE

In order to provide maximum use, the college facilities may be rented by students, employees, citizens, and citizen groups. The use of district facilities may not interfere with the normal educational activities of the college nor may the use of district facilities be inconsistent with the purposes of the college program.

Procedures and fees for the use of district facilities may be obtained from the Campus Facilities Office, (909) 389-3217.
CELL PHONE USE

Use of cell phones, camera phones, cameras and video equipment of any kind is strictly prohibited within the Financial Aid and the Admissions and Records Office. Faculty and other offices reserve the right to enforce this policy. Thank you for your cooperation.

CHILDREN ON CAMPUS

Please be advised that children are not to be brought into the classroom or left unattended on the campus.

Crafton Hills College staff are well aware of the fact that in most cases children are brought to class or on the campus due to hardship situations. Children left unattended on the campus are exposed to a multitude of dangers due to the construction of the campus (stairs, ledges, etc.) and the terrain. In addition, they are often a distraction to faculty and others and, therefore, disrupt the educational process.

You are asked to please make arrangements for the care of your children. If assistance is needed in this regard, the Counseling Center is able to provide referral information.

COMPUTER USE

General Information

San Bernardino Community College District provides computers, computer accounts, and voicemail accounts for employees and students to assist them in the performance of their job duties or their academic studies. The computer and telecommunication systems belong to the District and are intended for business and academic purposes only. As such, all users should not have any expectation of privacy in anything they create, send, or receive via computer or telephone.

Every SBCCD computer user is responsible for being aware of these guidelines and is expected to follow these policies, both in letter and in spirit. It is general policy that all computers are to be used in a responsible, efficient, ethical and legal manner. Failure to adhere to the policy and guidelines will result in appropriate disciplinary action.

Email

The Email at SBCCD provides a convenient (non confidential) way of communicating between students, faculty, staff, administrators and professional colleagues. It is expected that SBCCD computer users will use common courtesy in the use of email. Specifically, the following activities are not acceptable:

• Hate mail, harassment, discriminatory remarks and other antisocial behaviors are prohibited on the network. Therefore, messages should not contain profanity, obscene comments, sexually explicit material, and expressions of bigotry or hate.
• “Chain letters”, broadcasting messages to lists or individuals, and other types of use that would cause congestion of the networks or otherwise interfere with the work of others are not allowed.

Usernames, Passwords, and Personal Identification Numbers (PINS)

Students may be issued usernames, passwords and/or PINs.

• These electronic IDs are unique to the individual and should be guarded carefully.
• These IDs and their associated rights will give the user access to certain data, files, information and resources within the District’s electronic resources
• These IDs will be treated as electronic signatures and carry the same authority as a written signature when used in conjunction with District or college documents, screens, telephone systems or web forms. THEREFORE, guard your electronic IDs carefully
• If you believe someone else is using your ID, contact the system administrator immediately.

Privacy Interests

The District recognizes the privacy interests of faculty, staff and students and their rights to freedom of speech, collegial consultation, and academic freedom. However, both the nature of electronic communication and the public character of District business make electronic communication less private than many users anticipate and may be subject to public disclosure. In addition, the District network can be subject to authorized and unauthorized access by both internal and external users. For these reasons, there are virtually no online activities or services that guarantee an absolute right privacy, and therefore the District network is not to be relied upon as confidential or private.

System Abuse

Users shall not attempt to modify any part of the network, attempt to crash or “hack” District systems, or tamper with any software protections or restrictions placed on computer applications or files. Unless properly authorized, users shall not attempt to access restricted portions of any operating system, security software, or application system. Students in violation will be subject to disciplinary action pursuant to SBCCD Board Policy 5500 and other applicable laws and policies.

Commercial Use
Commerical use of the District computer resources for personal gain or illegal purposes is prohibited and these resources may not be used for the transmission or storage of commercial, political, or personal advertisements, solicita- tions and promotions, destructive programs (viruses and/or self-replicating code), or any other unauthorized use.

Media and Social Networking
Personal social networking accounts shall not be used to officially represent campus or district entities on social net- working, wiki, or other social media sites. For official repre- sentation of any District entity, a campus or District account, approved by the president/chancellor or their designee, must be used. The account holders must agree to use the resources legally, ethically and in keeping with the intended use per the procedures of their respective sites.

Software Licensing
Software, used on District owned computers, must be properly licensed. These licenses provide the acceptable use of the software and hold the user and in some cases the District legally responsible for copyright violations.

No students shall install software on any District comput- ers, except as authorized by the instructor in the course of learning.

Fair Use
Information appearing on the internet should be regarded as copyright protected, whether or not it is expressly noted as such. Section 107 of the Copyright law (title 17, US Code) allows for Fair Use of copyrighted materials. Teaching, scholar- ship, research, comment, news reporting, and criticism are considered fair and allow for reproduction of a given work. Acknowledgement of the source is recommended but is no substitute for obtaining permission (http://www.copyright. gov/fls/fl102.html).

DISTRIBUTION OF LITERATURE
Permission for distribution of literature on campus is obtained from the Student Senate Office. The following kinds of litera- ture may not be distributed or displayed without prior consent: literature advertising off-campus activities sponsored by an individual or group not connected with the college; literature for which there is a charge or donation required or requested, either explicitly or implicitly; and literature whose legality is in question. No literature may be displayed or distributed which solicits funds except with the approval of the Student Senate Office. Soliciting is not encouraged.

Literature which is not in conflict with the above stipulations may be posted and otherwise displayed in areas approved by the Student Senate Office. All posted material must have an “Approved for Posting” stamp from the Student Senate Office.

Contact the Student Senate Office, located in the Student Center, SCC-107, for more information.

FUND RAISING AND COLLECTION OF FUNDS
Students or faculty members may not be solicited to contribute funds to any organization which is not directly under the jurisdiction of Crafton Hills College without the express permission of the college administration.

GRADUATION REQUIREMENTS

Students have several options for choosing a degree at CHC. For those wishing to complete their college experience at Crafton, there are discipline-specific and multidisciplinary degrees which build competency in a particular field. Students who choose these degree options will need to fulfill CHC’s general education requirements. For students who plan to transfer, particular courses need to be completed to meet the four-year college’s requirements. Both the CSUs and UCs have their own sets of general education requirements, which are described in their respective sections. Major preparation courses also differ depending on the college and the program. The CSUs now guarantee admission to students who complete an Associate Degree for Transfer and CHC is offering three of these options beginning in the 2011-2012 academic year. For further information please refer to section VI in the catalog. Students are strongly advised to see a counselor to assure the courses they take will apply to their chosen path.

Degrees
The Board of Trustees, upon recommendation of the President and faculty of the college, is authorized to confer the Associate of Arts (AA), the Associate of Science degrees (AS), Associate in Arts for Transfer (AA-T) and Associate in Science for Transfer (AS-T). The requirements for graduation with any degree represent both minimum state requirements and the firm commitment of Crafton Hills College to the principles of general education. Requirements are designed to develop the full potential of each student, broaden his or her outlook and provide the basis for exemplary citizenship.

TOTAL UNITS: 24.00-25.00

Students planning to transfer to a four-year university are cautioned that this degree may not meet all of the lower division requirements for transfer into a particular major; however, through careful educational planning with a counselor, this degree would offer a solid foundation in the transfer process. Students should consult with a counselor for specific information regarding their intended major at the university of their choice.
ASSOCIATE OF SCIENCE MULTIPLE SCIENCES DEGREE

The Associate of Science Multiple Sciences degree emphasizes the role of science, scientific inquiry and technology in our world. Students will apply a problem solving strategy such as the scientific method or other systematic process of inquiry and recognize the contributions of science and technology in our world. This degree is multidisciplinary, giving students the knowledge and experience in both the physical and biological sciences.

To complete the requirements for the Associate of Science degree, a student must:
1. Complete the requirements for an associate degree (see requirements 1 through 8 on page 59).
2. Complete a minimum of eighteen (18) semester units with a "C" or better in each course in the following multidisciplinary program.
3. Complete elective units to meet the minimum 60 total units required for the associate degree.

REQUIRED COURSES: UNITS

A minimum of six (6) six units must be taken from two of the following three groups:

TRANSFER PROGRAMS - GENERAL INFORMATION

Each four year college or university has its own admissions standards. In addition, each determines which courses will be accepted to satisfy General Education, Major or elective requirements. Further, these requirements are subject to periodic change.

Students who plan to transfer to a four-year college or university should obtain a copy of the current catalog of that institution. Read it carefully and see a counselor to discuss appropriate courses to complete at Crafton Hills College prior to transfer.

Fortunately, the similarities between transfer programs are far greater than the differences. Read the information on the following pages to ensure a smooth, successful transfer.

COMPLETING A TRANSFER PROGRAM

The freshman and sophomore years of a college or university program may be completed at Crafton Hills College. Transfer students may choose one of three systems:

• California State University System (23 campuses)
• University of California System (9 campuses)
• Private or Out-of-State Colleges and Universities

In order to transfer to the college or university of your choice, it is necessary to complete the following:

1. General Education or Breadth Requirements

It is usually necessary of every transfer student regardless of major. General Education requirements are determined by the college or university the transfer student has chosen. Listed below are plans for transfer to the California State University System and the University of California System, and some information about transferring to a private or out-of-state institution.

A. California State University (CSU) General Education Requirements. See pages 80 and 81 of this catalog.

This plan applies to all 23 CSU campuses. In order to receive full certification and not be held to additional courses at the transfer university, students must complete at least 39 units of General Education in specific areas. Areas A1, A2, A3 and B4 must be completed with a “C” or better grade prior to transfer.

B. Intersegmental General Education Transfer Curriculum (IGETC). See pages 77 and 78 of this catalog.

This plan applies to both the CSU and UC systems. However, some schools and majors within the UC system DO NOT accept the IGETC plan.

Also, students in Engineering, Science, Math or other high-unit majors are advised not to use IGETC. See a counselor for information. A minimum of 37 units of General Education with at least a “C” in each course is required to complete the IGETC.

C. Private or Out-of-State Colleges General Education Requirements

Students should obtain a current college catalog for the Private or out-of-state school of interest. It is important to read the catalog carefully and then see a counselor to plan a transfer program.

The counseling office has specific transfer requirements for programs at Loma Linda University and approved General Education requirement lists for several private colleges, including Biola University, California Lutheran College, University of Redlands and the University of Southern California (USC). Some private schools allow the use of the Intersegmental General Education Transfer Curriculum (IGETC) and/or the California State University General Education Requirements (CSUGE) to meet lower division General Education requirements. Check with the transfer school for details.

2. Lower Division Courses for a Major

These courses provide the background and preparation needed to enter a college or university at the junior level. Crafton Hills College has articulated lower division major requirements with CSU San Bernardino, UC Riverside and many other CSU and UC schools. Information for a college’s lower division major requirements is available at www.assist.org via the Internet. See a counselor for assistance.

3. Electives

These are courses of choice that are taken to fill in the areas not covered by General Education or major requirements. Students must take enough “elective” courses to meet the minimum number of units required for transfer. All CSU and UC campuses require a minimum of sixty (60) transferable units in order to be eligible to transfer “as a junior.” Private schools vary widely regarding the number of units required for transfer.

4. Acceptable Grade Point Average

The CSU system requires at least a 2.0 GPA, while the UC system requires at least a 2.4 GPA. However, these figures are minimum GPA requirements! Many colleges and universities and impacted majors within some colleges expect higher grade point averages for admission. Non-residents of California must have at least a 2.4 GPA to apply to a CSU. A GPA of at least 2.8 is required to apply to a UC.

CALIFORNIA RESIDENTS

California Residents
To qualify for admission to the University as a transfer student, a student must meet one of the three sets of requirements described below. The pathway the student follows depends upon whether he/she was eligible for admission to the University when he/she graduated from high school.

California residents must have at least a “C” (2.0) average in all transferable college coursework. The Subject, Scholarship and Examination Requirements referred to below can be explained by a counselor.

1. Students who were eligible for admission to the University when they graduated from high school -- meaning they satisfied the Subject, Scholarship and Examination Requirements -- are eligible to transfer if they have a “C” (2.0) average in transferable coursework.

2. Students who met the Scholarship Requirement but not the Subject Requirement must take transferable college courses in the missing subjects, earn a “C” or better in each required course and have an overall 2.00 GPA in all transferable coursework to be eligible to transfer.

3. Students who wish to transfer to the university at the junior level must fulfill both of the following criteria:
   a. Complete 60 semester units of transferable college credit with a grade point average of at least 2.4 (no more than 14 semester units may be taken Credit/No Credit) and,
   b. Complete the following seven course pattern, earning a grade of “C” or better in each course:
      i. Two transferable college courses (3 semester or 4-5 quarter units each) in English composition;
      ii. One transferable college course (3 semester or 4-5 quarter units) in mathematical concepts and quantitative reasoning; and
      iii. Four transferable college courses (3 semester or 4-5 quarter units each) chosen from at least two of the following subject areas: the arts and humanities, the social and behavioral sciences and the physical and biological sciences.

(Students who satisfy the Intersegmental General Education Transfer Curriculum (IGETC) prior to transferring to UC will satisfy section 3b above of the transfer admission requirements.) Visit www.assist.org for a list of UC-transferable courses at Crafton Hills College.

NONRESIDENTS

The minimum admission requirements for nonresident transfer applicants are the same as those for residents, except that non-residents must have a grade point average of 2.8 or higher in all transferable college coursework.

Completion and certification of IGETC will permit community college students to transfer to a campus in the CSU or UC system with lower division requirements completed. COURSES IN BOLD PRINT ARE RETROACTIVELY APPROVED FOR FALL 2012 AND THEREAFTER.

IGETC is not advisable for all transfer students. Students with majors that require extensive lower division preparation may be best served by taking courses that fulfill the General Education Breadth of the UC campus. These majors include, but are not limited to, Engineering, Pre-professional programs, and Science.

CERTIFICATION: Request CERTIFICATION from the Admissions and Records Office. Current IGETC standards allow for full or partial certification. Partial certification is defined as completing all but two courses from any area except those listed in Areas 1 and 2. Minimum UC and/or CSU transfer requirements must be met prior to transfer. All courses must be completed with a “C” or better. IGETC may be certified by any Community College the student has attended.

INSTRUCTION TO COUNSELORS: Circle courses and enter units in appropriate column. Requirements satisfied by exam should be noted.

I. TRANSFER ADMISSION REQUIREMENTS
A student is eligible for upper division transfer if the following requirements have been met:

1. At least sixty (60) semester units of transferable college courses have been completed with a grade point average of 2.00 or better. Non-residents of California must have a 2.40 or better grade point average.

2. At least thirty (30) units of the 60 units required for transfer must be selected from the general education courses in areas A through E. Each of the courses within these 30 units must be completed with a grade of ‘C’ or better. Additionally, at least one course from EACH of the following areas must be completed with a grade of ‘C’ or better prior to transfer:
   - Area A1  Oral Communication
   - Area A2  Written Communication
   - Area A3  Critical Thinking
   - Area B4  Mathematics/Quantitative Reasoning

3. The student is in good standing (i.e., eligible to re-enroll) at the last college or university attended.

II. IMPACTED PROGRAMS:
The CSU designates programs as impacted when more applications are received in the first month of the filing period than can be accommodated. Some majors are impacted at every campus where they are offered; others may be impacted only at some campuses. Applicants to impacted majors must file the application for admission during the first month of the filing period and will be subject to supplementary admission criteria. If you apply by mail, the postmark will be used to determine if you filed in the first month. Priority for admission to impacted programs is given to California residents.

III. LOWER DIVISION MAJOR REQUIREMENTS
Most majors require that you complete certain preparatory courses prior to transfer. This can normally be accomplished at Crafton Hills College. Consult the catalog for the college of your choice to determine regulations governing the completion of lower division major requirements and related restrictions. Refer to ASSIST (www.assist.org) for information about lower division major requirements, and consult with a counselor regarding transfer plans!

IV. APPLICATION FILING PERIODS
You are urged to file early! Applications to impacted majors must be filed during the initial filing period, which is the first month of the filing period. If applying after the initial filing period, check www.csumentor.edu for current information. Except for impacted majors, campuses accept applications until enrollment categories are filled. Most campuses will acknowledge receiving your application within two to four weeks. You may apply online at www.csumentor.edu.

Levels and Order of Mathematics Classes

The ability to think and reason using mathematical concepts is an essential skill. There are several starting points for you to enter at the right level. Starting at the right class will let you move successfully from class to class and to get to the point you need in the shortest amount of time. Start with the assessment test in the Counseling Center. Based on your eligibility determined on the assessment, choose the statement that best describes you, meet with a counselor to discuss the path and to be sure all prerequisites are cleared and follow that path. A counselor can also show you a sheet with the skills needed for each class and help you interpret the assessment scores. They also have a more detailed sheet explaining the differences between MATH 102, 108 and 115.

I want to start at the beginning.
I especially need to work on fractions.
Take MATH 943

I am OK with arithmetic, including fractions. Some review would help.
I am not ready for algebra.
What are signed numbers anyway?
Take MATH 952
Or MATH 953
(Assessment score eligibility needed)

I'm pretty good at fractions, signed numbers, equations but I need to know algebra from the beginning.
Take MATH 900
Or MATH 090 A,B and C
(Assessment score eligibility needed)

I'm OK with some algebra but I need to get my AA requirement and prepare for transfer courses.
Take MATH 095 or
Or MATH 095 A,B and C
(Assessment score eligibility needed)

After taking 095 or 095C, I can choose from the following transferable courses listed below, depending upon my degree goals.

MATH 102
My algebra skills are strong and I will need more math classes.
(Assessment score eligibility needed)

MATH 103
I will need trigonometry for other coursework and I did well in Intermediate Algebra.
(Assessment score eligibility needed)

MATH 108
My math skills are strong and I will need statistics for transfer.
(Assessment score eligibility needed)

MATH 115
My math skills are fairly strong and I need math units to transfer, or I am a Liberal Arts major.
(Assessment score eligibility needed)
