**Lower division requirements for students interested in transferring to a four-year institution in this field may differ from Associate degree requirements. Prospective students should complete the general education and lower division requirements of the school to which they will be transferring. See a counselor for details. Information is also available at www.assist.org.*

Students receiving a degree in this field will be able to:

- Define “politics” and its influence on individuals within society and society as a whole, demonstrating awareness of the context or opportunities for individual or group participation and efficacy in politics
- Recognize, describe and analyze the significant and usually direct influence of social, economic and cultural factors on political behavior and beliefs
- Define and distinguish between human rights, civil liberties and civil rights
- Identify and employ the pertinent vocabulary of political discourse and political science
- Recognize, describe and analyze liberal democracy in comparison to non-democratic forms of government
- Recognize and distinguish between the various forms of democracy, as well as between different types of non-democratic governments, movements and ideologies
- Identify and describe the major political institutions found in both the United States and other nations in the world
