Suggestions

1. No one should serve on any fewer than 2 committees.
2. No one should be required to serve on more than 3 committees.
3. Being a senator should count as service on a committee.
4. The Student Interests, Personnel Interests, and Scholarship committees should be made ad hoc committees.
5. The following committees should have 6-8 members: Educational Policy and Educational Technology.
6. As a rule, every effort should be made to have various areas represented on all committees.
