Dear District Program Review Participants:

As a participant in the first-ever District operations program review and planning process this year, you are in an excellent position to tell us both what went well and what did not, so we can improve that process the next time around.

I'm writing to ask that you do just that, by answering the questions in a 10-minute online survey. Just click on the link below, and follow the instructions.

Please be sure to submit your completed survey no later than Friday, May 21, 2010, so that your responses can be counted.

Thank you in advance for participating in this important effort to improve the District program review and planning process!
