Approval of Minutes, April 15, 2014		
Final Review of the Draft District/College Function Map	Standard III2: CHC is listed in a few Standards as P (Primary) and they should be listed as Shared.  Standard III6: Committee agreed that CHC is Primary and Secondary in this one.	Standard III2: Changes will be made and Rebecca will contact Valley to notify them that we are change P to S (Shared).  Rebecca will notify Valley with this change via email.  Rebecca, Keith and Ben will be going to the District to make sure CHC, Valley are aligned with the District.
Status, Accreditation Document	Kristi will supply the art work for the cover of the Accreditation Report.  We are doing well with the self-study.  Bryan is finishing up Standard II.  Patricia Menchaca is the final editor.  Weaknesses: Distance Education Plan-has not updated online services.  Address relocation of the fire academy and how we serve.  Standard IIIIB:	The committee needs to meet with Constituents to go over the report.  Rebecca will be discussing the Student Services portion of Standard IIB at the next Students Services Council Meeting.  In June, we will be polishing up the document; in July Donna Hoffman will be add the photographs.  Gary will take a look at the recommendations, drafts, cartoons, final that are on the website.  We will be having a mock site visit in early September (faculty, staff, administrators).

	<p>Chancellor’s Evaluation not addressed. Chancellor’s makes decisions without going to the Shared Governances.</p> <p>SLO 2A: We could be farther than we are; some programs aren’t assessing. With the new rubric we will have 85% assessed.</p>
