**How did attending a STEM Center speaker event enhance your experience at Crafton?**

Answer (n=6)
Absolutely, it was so unique to get a chance to listen to a speaker with such an impactful influence in the field I am looking into joining.
Gave insight into how to pursue a career
I learned a lot of things I didn't know and also learned about other offered programs
It helped me learn more about transferring.
It prepared me for my exams
It was online and it went really well.

**What other career and/or university speaker would you like to see? (i.e., specific topics, programs, schools, local companies, etc.)**

Answer (n=5)
Anthropology, Art history
Architect, someone interdisciplinary to enhance all the fields in construction and civil engineering.
More biology
Not sure, maybe the Military or athletics

I just wish everyone is more friendly. The staff are really nice and everything. Its just environment is hard to be in to study sometimes. Overall the music helps a lot and I would like snacks again in the stem center.
More snacks please and more craft events

😊
[Name] is wonderful!
[Name] is amazing! Helped me break down coding as a non-coder. Also went to [Name] amazing workshop...super fun and a great break from studying!
Everyone is super helpful and understanding. Thank you for helping me achieve my goals this semester.
Everything is perfect and workshops are really cool
I haven't fully explored the STEM center, but I believe I have been in the 'main part' which would be where you check in. I think something that would improve the STEM center would be expanding it.
More snacks and freindly chatting like [Name] and [Name] and [Name] and [Name]
[Name] is super helpful, he's willing to help anyone figure anything out! The stem center has been a place of refuge for me this semester, thank you for the service.
Thank you for the services you are providing
Thanks for everything :)
The lady who works in the morning is really kind and sweet. It's a great area to get work done!
The STEM Center has a wonderful and welcoming team.
The stem center is a very friendly and comfortable space to study.
Very friendly.
You are all very nice.
You guys are one of the best places for me to bang my head against a mathematical wall. 10/10!
