Dear Student,

Welcome to Crafton Hills College! Whether you're a brand new or a continuing student, we're happy you're here.

You'll see we are continuing to enhance our spring semester with more classes, including additional evening classes for working adults. We have worked hard to offer classes of the highest need. We want you to get the classes you need to progress as quickly as possible and accomplish your goal, whether it be a certificate or transfer degree.

To that end, the college has adopted a framework to help you succeed: Engage. Learn. Advance. We believe the more engaged you are with the campus community, the more likely you are to learn and advance. And there are many opportunities to engage. Besides joining student clubs and attending campus events, there are learning communities designed specifically to help you learn by joining a cohort of students and building deep relationships. You can find those learning communities on our website. Should you be looking for an open class, you can also find daily updated open sections on the website, so be sure to check there often.

Sincerely,

Cheryl Marshall
President
