

The Professional Development Committee reports to the Crafton Council and relies on research and evidence-based decision making to inform professional development activities that encourage collaboration and conversations to promote equity driven inclusive practices. The PDC completes this work by focusing on:

- Working with campus group representatives, such as unions, Senates, special projects, and other participatory governance committees, to create and foster a broad array of Professional Development activities that focus on equity driven inclusive practices
  - Engaging with faculty and staff from all areas to support professional development that addresses student needs (e.g.: career and academic pathways, educational planning, instructional support, etc.)
  - Collaborating with research to develop, collect, and review data from a variety of surveys and assessments
  - Developing, planning, scheduling, promoting, and facilitating Flex and In-Service activities
  - Building activities that help people to realize their individual and collective aspirations, raise the quality of their reflection and conversation, and hone their conceptualizations of the larger system in which their work is situated
  - Promoting learning opportunities with other institutions, organizations, and professional networks that fulfill our mission as a community college
  - Reviewing and recommending approval of funding requests for professional development materials, workshops, and conferences
- Members of the committee also serve as the college’s Flex Advisory Committee, which views flex reports submitted by flex-eligible full-time faculty. The Professional Development Committee meets twice per month.

	<p>The funding for dues was initially created for 4CSD; however, this is no longer needed and can be moved into another object code, such as travel.</p>	
Equity Funding Guidelines	<p>Kay, Delmy, and Kashaunda met to discuss Equity funding guidelines and we will be adding this information to the Professional Development website.</p>	<p>Tabled until the next meeting when agreed upon criteria can be presented.</p>
Subcommittee Report	<ul style="list-style-type: none"> <li>Update on webpage funding information</li> </ul> <p>Colleen stated that the committee looked through the PD website in detail. They found that many of the multiple forms were outdated, Also links to equity, technology, and PD were broken. There was no travel form on site either. The committee created a list of items they felt needed to be addressed. Kashaunda will work with the Web Developer, Kristi Simonson, to clean up the site, with the list provided.</p> <p>The committee also had questions as to whether or not we are we going to allow for gas (mileage) and food for travel. Kashaunda stated that this was also addressed in their Equity funding meeting. There is also no mention of out-of-state travel, and what that entails or if it's even possible.</p>	
QFE – New Faculty Orientation	<ul style="list-style-type: none"> <li>Faculty participant data from the first year</li> </ul> <p>Ruby Zuniga presented the results from last year’s New Faculty Orientation program. This was the first year for the New faculty program and was a program requested by President Horan. Emails with a link to the evaluations were sent to those faculty that participated in the program last year. 11 valid responses were received. These results were broken down by tenure track. 1<sup>st</sup> and 2<sup>nd</sup> year tenure track (3 respondents) and 3<sup>rd</sup> and 4<sup>th</sup> year tracks, which had 8 respondents. At least 2 attended each workshop from the 1<sup>st</sup> and 2<sup>nd</sup> year, while those in their 3<sup>rd</sup> and 4<sup>th</sup> year attended a minimal number. Ruby suggested that we should provide more offerings to those in the 1<sup>st</sup> and 2<sup>nd</sup>-year tracks and reduce offerings for those in the 3<sup>rd</sup> and 4<sup>th</sup> years. It was also suggested that those more tenured faculty were immersing themselves in the work and did not have as much free time to attend the offerings.</p> <p>A majority of the new faculty felt welcomed to CHC. There were 2 individuals that indicated they did not necessarily feel welcomed and one was identified as a first-year faculty member. The individual also suggested that they did not think their expertise was considered in the process. Some suggestions from the survey were to provide additional resources such as contacts available at the non-instructional offices, the tenure process, and Curricunet information.</p> <p>When asked what additional support to do you need? The following were suggested: an institutional knowledge guide, when to seek help and from whom, dedicated mentoring, guidance before evaluations to ensure success in the process, etc. Improvements, mentorship programs, brainstorming, and campus tours should be mandatory, and an outline and recordings of training so they can be reviewed when someone cannot attend. Another suggestion was to ge given time to connect with other non-instructional faculty (Counselors,</p>	

	<p>Librarians, etc.). Increase the number of offerings for 1<sup>st</sup> and 2<sup>nd</sup> year and reduce those for 3<sup>rd</sup> and 4<sup>th</sup>. Maybe we have 3<sup>rd</sup> and 4<sup>th</sup> years participants work on more independent-type activities.</p> <p>We will run this survey again at the end of the academic year so we can reflect on the findings.</p>
